School Board Grants Teacher Pay Increase

Minimum Salaries Hiked \$50 and \$225 In Unanimous Action

An increase in the salary schedule of teachers in the Circleville City School System met with the unanimous approval of the Circleville Board of Education, meeting last night in regular session at the high school.

Members of the board agreed that the pay increase would place the school system in a better competitive position to maintain a good faculty. The objective is to try to reach the median for city schools in Ohio for the minimum salary. The proposed salary schedule is calculated to reach that goal, the members stated.

The new schedule raises the minimum annual salary for teachers with 2-3 year of experience to \$3,750 and the maximum to \$4,800 or a \$50 increase for each additional year of experience. The 1961 minimum was \$3,700.

The same pay scale was approved for instructors with 3-4 years of training. The minimum was raised from \$3,900 to \$3,950 with a \$50 increase for each additional year of service reaching a maximum of \$5,000.

Teachers with degrees received a \$225 raise across the board with a new minimum of \$4,475 and a maximum of \$5,525. Those with five years of training were granted the same increase setting the minimum annual salary at \$4,675 and the maximum at \$5,725.

Instructors with an MA degree will receive the same pay increase. The new minimum is \$4,875 and the maximum, \$6,475.

Service increments for teachers with MA degrees were changed from \$50 to \$100, making the teacher salary increase total \$23,100 for 1962.

Other actions approved by the educators included approval of the 1962 appropriations and for the payment of all January expenditures.

Ernest (Snap) Ankrom appeared before the board representing Circleville Youth Baseball Inc. He requested approval for the use of school property during the summer for youth baseball activity.

Ankrom told the board that plans had been completed to initiate a new league for 8-year-old boys. He asked for the use of an area at the Atwater and Corwin playgrounds.

Ankrom said, if the board gave its permission, a baseball diamond and backstop would be constructed at the Atwater building and turned over to the school system. No construction would be necessary at the Corwin site.

A unanimous decision was granted for the use of the playground areas during the summer months.

The school heads also plan to inspect the Franklin, Walnut and High Street buildings in an effort to ascertain the need for immediate repairs and replacement of furniture. No date was set for the tour.

Cold Air Mass Grips Wide Area

By THE ASSOCIATED PRESS

A huge mass of cold air held a firm grip across most of the nation from the Rockies eastward to New England today. The freezing line extended deep into Dixie.

Below zero weather again chilled most of the north central region. The raw, northerly winds spread the biting cold into the Northeast and below zero temperatures stung sections of New England and upstate New York.

The South felt the effects of the fast-moving cold mass. Readings in the 30s cooled the eastern Gulf Coast and northern Florida. It was below freezing, 31, in Mobile, Ala. Temperatures were in the teens in Tennessee and edged to near zero in parts of Kentucky.

They were in the 20s in Alabama, Georgia, North Carolina and Arkansas.

150-200 Miners Missing In German Pit Disaster

Congress Studies College Aid Bill

WASHINGTON (AP)—An uncertain fate in a Senate-House conference committee awaits President Kennedy's college education bill.

The Senate late Tuesday passed 69 to 17 the \$2,674,000,000 measure containing in full Kennedy's requests for student scholarships and classroom construction funds.

The vote came a few hours after the President sent to the Capitol his education message asking for the funds for higher education institutions as well as a broad range of other aids.

Some members of Congress believe that the college bill is the only one likely to become law this year.

The key Senate question was if administration lieutenants could hold the scholarship section in the bill. They did so by a 50-37 margin after a determined fight.

Forty-five Democrats and five Republicans joined to defeat the amendment of Sen. Frank J. Lausche, D-Ohio, to knock out the scholarships. It was supported by 26 Republicans and 11 Democrats.

The House version of the legislation, however, contains only the \$1.5 billion asked by the President for classroom construction. Democratic leaders in that branch dropped any effort to insert scholarships in the face of heavy opposition.

Some of the likely House conferees on the bill personally have favored federal scholarships in the past but have said they will be bound by the majority House position.

However, members of the Senate delegation said they would do everything possible to save the principle of scholarships in the final version.

As it passed the Senate, the bill contains: \$1.5 billion in loan funds for construction of classrooms, laboratories and libraries at public and private colleges. This might produce 40,000 new classrooms or other units.

\$924 million in four-year scholarships for 212,500 students to be selected by state commissions on the basis of competition. The maximum amount would be \$1,000 a year; the student could attend any college and study the course he chose.

\$250 million in matching grant funds to help in construction of public community junior colleges. Each of these programs would run for five years.

The Chamber took no formal action on the matter, but expressed thanks to Mayor Penn for presenting his views.

In other business the body voted to voice an opinion against the House Resolution now in Congress concerning compulsory medical aid for the aged.

The meeting was concluded with a picture taking session.

WASHINGTON (AP)—Cancer researchers working with animals have found that substantially less blood flows through tumors than had been suspected. This has led them to the conclusion that less than 5 per cent of any cancer-fighting drug makes it to the malignant area.

The Public Health Service disclosed on Tuesday the findings of National Cancer Institute researchers who transplanted tumors in rats and mice.

They found that "much less blood flowed through the tumors than had been supposed," the service said.

"This led them to suggest that the effectiveness of drugs may have to be re-evaluated because the doses received by a tumor in a single treatment may be too small."

The service said the blood flow findings were uniformly true regardless of the size, type or location of the tumor.

The report emphasized that the findings were based only on animal experiments and that "more laboratory study will be required before the findings can be applied to the treatment of human cancer."

School Board Grants Teacher Pay Increase

Minimum Salaries Hiked \$50 and \$225 In Unanimous Action

An increase in the salary schedule of teachers in the Circleville City School System met with the unanimous approval of the Circleville Board of Education, meeting last night in regular session at the high school.

Members of the board agreed that the pay increase would place the school system in a better competitive position to maintain a good faculty. The objective is to try to reach the median for city schools in Ohio for the minimum salary. The proposed salary schedule is calculated to reach that goal, the members stated.

The new schedule raises the minimum annual salary for teacher with 2-3 year of experience to \$3,750 and the maximum to \$4,800 or a \$50 increase for each additional year of experience. The 1961 minimum was \$3,700.

The same pay scale was approved for instructors with 3-4 years of training. The minimum was raised from \$3,900 to \$3,950 with a \$50 increase for each additional year of service reaching a maximum of \$5,000.

Teachers with degrees received a \$225 raise across the board with a new minimum of \$4,475 and a maximum of \$5,525. Those with five years of training were granted the same increase setting the minimum annual salary at \$4,675 and the maximum at \$5,725.

Instructors with an MA degree will receive the same pay increase. The new minimum is \$4,875 and the maximum, \$6,475.

Service increments for teachers with MA degrees were changed from \$50 to \$100, making the teacher salary increase total \$23,100 for 1962.

Other actions approved by the educators included approval of the 1962 appropriations and for the payment of all January expenditures.

Ernest (Snap) Ankrom appeared before the board representing Circleville Youth Baseball Inc. He requested approval for the use of school property during the summer for youth baseball activity.

Ankrom told the board that plans had been completed to initiate a new league for 8-year-old boys. He asked for the use of an area at the Atwater and Corwin playgrounds.

BIG BLAZE — Firemen moved at a fast pace early today in their efforts to control a fire at the Y-Service Station near Laurelville. Most of the contents of the combination station-restaurant were destroyed. Cause of the blaze was not determined.

(Photo by Beaver Studio)

Fire Demolishes Y-Service Station

The combination Y-Service Station and Restaurant near Laurelville was demolished by fire at about 3:30 a. m. today.

The combination building is owned by Ned Dresbach, S. Pickaway St., local Sinclair products distributor. Firemen estimated damage at about \$15,000.

Firemen from four area departments battled the blaze in near zero temperature.

Nelson Jones, Laurelville fire chief, said the blaze apparently started near a furnace area. He said the exact cause was not determined.

According to Jones, the flames were fed by numerous explosions inside the building. Also on the scene were firemen from Laurelville, Adelphi and Kingston.

The combination station-restaurant is operated by Clem Schwalbach.

Deputy Sheriff Gene Kerns said firefighters battled the blaze during most of the early morning hours. Dwight Eveland, Laurelville, suffered an arm injury when he fell from a ladder.

Mrs. Donald Patterson of Laurelville provided hot coffee for the firemen.

Deputy Kerns said damage to the building was estimated at \$10,000. Loss of contents was estimated at \$5,000.

Destroyed in the station were one electric welding outfit, one welding torch, batteries, a grease gun outfit, tools, auto parts, one hoist, a 1948 model car and a 250-gallon fuel oil tank.

Destroyed in the restaurant were two ice cream freezers, a gas range, a pop cooler, an electric grill, a set of tables, three coffee urns, two cash registers, one refrigerator and other smaller articles.

The station-restaurant is located on Routes 56 and 180 just inside Pickaway County. Last year the building was heavily damaged by a spring windstorm.

A delegation of six property owners of the Edwards Road area presented the request to discontinue the street. Councilmen voiced approval of the move but took no final action.

The property owners explained that the street, designated as Rose Lawn Ave., currently served no useful purpose and that no houses face it.

Ervin Leist, local public utilities head, said a sewer line has been installed in the area. He noted that it will be necessary for the city to hold its easement there for maintenance purposes.

IF COUNCIL gives final approval to the vacating action, the next step will be to determine distribution of the property involved. It was noted that the likely solution will be for the land to go to the appropriate land owners in the area.

In other business, the solons heard a request from City Civil Defense Director Harry Timmons who asked for approximately \$150 for aid in constructing a sample fallout shelter at the County Fairgrounds.

Timmons said the County Board of Commissioners already has agreed to provide \$150 for its part in erecting the shelter. According to the Civil Defense director, most of the work will be done by local contractors free of charge. He said the requested money will be used for materials.

Council referred the request to the safety committee for further study.

Mindanao Is Flooded

MANILA, Philippines (AP) — Floods have driven 128,000 Filipinos from their homes on Mindanao Island in the past 10 days, and the water is still rising.

150-200 Miners Missing In German Pit Disaster

Congress Studies College Aid Bill

WASHINGTON (AP)—An uncertain fate in a Senate-House conference committee awaits President Kennedy's college education bill.

The Senate late Tuesday passed 69 to 17 the \$2,674,000-measure containing in full Kennedy's requests for student scholarships and classroom construction funds.

The vote came a few hours after the President sent to the Capitol his education message asking for the funds for higher education institutions as well as a broad range of other aids.

Some members of Congress believe that the college bill is the only one likely to become law this year.

The key Senate question was if administration lieutenants could hold the scholarship section in the bill. They did so by a 50-37 margin after a determined fight.

Forty-five Democrats and five Republicans joined to defeat the amendment of Sen. Frank J. Lausche, D-Ohio, to knock out the scholarships. It was supported by 26 Republicans and 11 Democrats.

The House version of the legislation, however, contains only the \$1.5 billion asked by the President for classroom construction. Democratic leaders in that branch dropped any effort to insert scholarships in the face of heavy opposition.

Some of the likely House conferees on the bill personally have favored federal scholarships in the past but have said they will be bound by the majority House position.

However, members of the Senate delegation said they would do everything possible to save the principle of scholarships in the final version.

As it passed the Senate, the bill contains:

\$1.5 billion in loan funds for construction of classrooms, laboratories and libraries at public and private college. This might produce 40,000 new classrooms or other units.

\$924 million in four-year scholarships for 212,500 students to be selected by state commissions on the basis of competition. The maximum amount would be \$1,000 a year; the student could attend any college and study the course he chose.

\$250 million in matching grant funds to help in construction of public community junior colleges.

Each of these programs would run for five years.

SAARBRUECKEN, Germany (AP)—A fiery explosion caved in large areas of the Luisenthal coal mine near here today and officials reported 56 miners were killed, 78 injured and 150-200 missing.

The Coal Mine Office of the State of Saarland announced 216 miners in the workings at the time of the blast were rescued or reached safely.

Many of those saved suffered severe injuries.

Fire and the cave-in of several levels of the mine killed some workers. Others died when a shock wave threw them against pit walls.

"I was thrown back against the walls of the pit by a huge air pressure wave," said a young miner who escaped.

"A huge 100-yard long sheet of flame shot from the second level to the fourth down the main shaft," he said. "When it hit the fourth level, there was a gigantic explosion. Most of the men on the fourth level were young kids, learning the mining trade."

Many were trapped by falling debris and hundreds of rescue workers — including elements of the U.S. Army in Germany — struggled to reach them.

About 50 miners were just about to descend into the mine when the explosion occurred. Many fled in panic, but returned later to help with rescue operations.

At the muddy, rain-soaked approach to the mine about 2,000 persons, including many young women, stood with anxious faces.

Rescue workers descended into the various shafts every few minutes, while others returned.

"They can only stay below a short time," one official explained. "The fires are out, but there is still some gas below."

Returning with black smeared clothes, rescue crews now and then brought a stretcher with a dead or injured miner.

The explosion occurred about 9 a.m. at a depth of 1,500 feet in the so-called Alsbach layer of the mine. The Mining Office blamed the blast on coal dust gas.

The mine is at nearby Voelklingen.

Ambulances, fire brigades and rescue crews from the entire coal-rich Saar Basin raced to the area. Screaming sirens alerted the entire region and families of men employed at the mine began clustering at the entrance to the mine.

A rescue crew from the U.S. Army in Kaiserlautern was sent to the area to assist.

Direction of rescue operations was taken over by the Saarland minister of labor, Paul Simonis. Helicopters assisted in taking the injured to hospitals.

The mine has won several prizes for safety.

Germany's worst postwar disaster was in 1946 in the Ruhr when 402 men lost their lives.

The most disastrous mining accident in the Saar, a rich coal and steel basin, was in 1907 when 148 miners lost their lives at the Reder mine near Saarbruecken.

In the 1950-60 decade at least 267 miners died in accidents in West and East Germany.

Chamber Hears Program on Urban Renewal

The Circleville Area Chamber of Commerce Board of Directors yesterday heard comments by Mayor Richard Penn concerning an Urban Renewal program for Circleville.

Mayor Penn addressed the directors during a regular monthly luncheon meeting at Benny's Restaurant. He explained various phases and how the general plan works.

Penn said a main purpose of his talk was to obtain comments and suggestions concerning possibilities of initiating an Urban Renewal program here.

He said basically the federal government and communities share the cost of such programs. He pointed out that the renewal plan deals primarily with downtown rehabilitation and the minimum housing situation.

Penn said he plans to arrange a public meeting here in the near future for a further discussion of the program. If the meeting is scheduled, a federal representative will be asked to present detailed descriptions of how the program works.

The Chamber took no formal action on the matter, but expressed thanks to Mayor Penn for presenting his views.

In other business the body voted to voice an opinion against the House Resolution now in Congress concerning compulsory medical aid for the aged.

The meeting was concluded with a picture taking session.

Blood Flow Into Tumors Found Nil

WASHINGTON (AP) — Cancer researchers working with animals have found that substantially less blood flows through tumors than had been suspected. This has led them to the conclusion that less than 5 per cent of any cancer-fighting drug makes it to the malignant area.

The Public Health Service disclosed on Tuesday the findings of National Cancer Institute researchers who transplanted tumors in rats and mice.

They found that "much less blood flowed through the tumors than had been supposed," the service said.

"This led them to suggest that the effectiveness of drugs may have to be re-evaluated because the doses received by a tumor in a single treatment may be too small."

The service said the blood flow findings were uniformly true regardless of the size, type or location of the tumor.

The report emphasized that the findings were based only on animal experiments and that "more laboratory study will be required before the findings can be applied to the treatment of human cancer."

Young, Lausche Disagree On Scholarship Plan

WASHINGTON (AP) — Sen. Stephen M. Young, D-Ohio, helped defeat an amendment by Sen. Frank J. Lausche, D-Ohio, to the college aid bill Tuesday. Young, along with most Democrats, voted against the amendment which sought to strip an eight-year \$924 million scholarship fund from the measure. It lost, 503-7.

Stuttering Star Dies

NEW YORK (AP)—Roy Atwell, 83, the stuttering comedian of vaudeville, musical comedy and radio, died Tuesday after an illness of six weeks.

Lancaster Pike Resurfacing Aired

Preliminary legislation has been completed for the resurfacing of Lancaster Pike from E. Main St. northwesterly to the city corporation line.

Project plans were presented to City Council last night by Service Director-Engineer Ronald Sharrett. He said the majority of the costs will be undertaken by the state.

The state's estimate for the job is \$4,280. The city's share is 20 per cent of the total, amounting to about \$850.

According to state plans, the resurfacing will extend .41 of a mile. The state proposal calls for work to start in about three months.

Goof Ball Sales Bring Penalty

CINCINNATI (AP) — Two men, charged in separate cases of illegal possession and sale of barbiturates, were convicted in Municipal Court today.

Ralph C. Riek, 36, a bartender arrested Tuesday, was fined \$100 and costs with \$75 remitted. His technical plea of innocent was based on a claim he lost a leg as a paratrooper and used the barbiturates himself.

Edward Tessel, 46, a drug store operator, charged with making illegal sales to Reik, asked for a jury trial and his case was set for Feb. 23.

The other case involved the arrest Monday of John Andrew Maddox, 25, a Newport, Ky., cab driver on a report by a woman that Maddox obtained barbiturates for her from the cab company office.

Judge Raymond Shannon sentenced him to a year in the workhouse.

The arrests of the druggist and the bartender stemmed from a wave of reports to Cincinnati police of illegal sales of so-called pep pills to youngsters.

Police said they used Riek as a go-between for the purchase of amphetamine pills before taking him into custody.

After preliminary questioning, detectives said they had Riek purchase 200 tablets with a marked \$10 bill from drug store operator Edward Tessel, 46.

Both were charged with illegal sales of drugs without prescription. Detectives said Riek's pockets contained 64 tablets of amphetamine, a stimulant sometimes called bennie. They said Tessel told them Riek had been a big customer for about six months.

Officers said use of bennies and so-called goof ball—another name for the barbiturate nembutal—has become a minor teen-age fad in greater Cincinnati.

RFK Challenges Jap Youths To Help Fight World Poverty

OSAKA, Japan (AP)—U.S. Atty. Gen. Robert F. Kennedy challenged Japan's youth today to join in a worldwide fight against poverty, ignorance and disease.

"As young people, we can do battle together as brothers to make great progress," Kennedy told students at a petroleum institute in the heart of Japan's teeming industrial area.

Enthusiastic students mobbed Kennedy when he arrived, reaching to shake his hand and shouting hello. Everywhere Kennedy went on this second leg of his six-day visit to Japan he received a warm, friendly welcome.

As his motorcade sped through the countryside villagers and farm workers gathered to wave. At one point he leaned out to shake hands campaign style, and a student handed him an amulet intended to safeguard travelers.

Kennedy questioned the students at the petroleum institute closely about their studies and told them: "You have the responsibility to help in the fight that has to be fought by all young people throughout the world against poverty, ignorance and disease."

Several students asked how

young Americans feel about the future.

"They feel that great problems are facing us," Kennedy replied. "But they also feel the future has great potential."

"We, as young people, know what great accomplishments can be made," Kennedy, who flew with his wife to Osaka from Tokyo this morning, also toured an electrical plant that turns out 100,000 TV sets a month. He asked company officials about the workers' wages and working conditions.

The Kennedys lunched with the workers and union officials on whale steak. Attacking the meat with chopsticks, the Kennedys ate large portions as they talked with the workers.

The visit to Osaka, Nara and Kyoto is taking the American visitors through some of the most beautiful and historic parts of old Japan but relatively little time was allotted for sightseeing.

The attorney general and his party will return to the capital late Thursday for another busy round before departing for Hong Kong Saturday.

56 Known Dead; 78 Others Hurt

SAARBRUECKEN, Germany (AP)—A fiery explosion caved in large areas of the Luisenthal coal mine near here today and officials reported 56 miners were killed, 78 injured and 150-200 missing.

The Coal Mine Office of the State of Saarland announced 216 miners in the workings at the time of the blast were rescued or reached safely.

Many of those saved suffered severe injuries.

Fire and the cave-in of several levels of the mine killed some workers. Others died when a shock wave threw them against pit walls.

"I was thrown back against the walls of the pit by a huge air pressure wave," said a young miner who escaped.

"A huge 100-yard long sheet of flame shot from the second level to the fourth down the main shaft," he said. "When it hit the fourth level, there was a gigantic explosion. Most of the men on the fourth level were young kids, learning the mining trade."

Many were trapped by falling debris and hundreds of rescue workers — including elements of the U.S. Army in Germany — struggled to reach them.

About 50 miners were just about to descend into the mine when the explosion occurred. Many fled in panic, but returned later to help with rescue operations.

At the muddy, rain-soaked approach to the mine about 2,000 persons, including many young women, stood with anxious faces.

Rescue workers descended into the various shafts every few minutes, while others returned.

"They can only stay below a short time," one official explained. "The fires are out, but there is still some gas below."

Returning with black smeared clothes, rescue crews now and then brought a stretcher with a dead or injured miner.

The explosion occurred about 9 a.m. at a depth of 1,500 feet in the so-called Alsbach layer of the mine. The Mining Office blamed the blast on coal dust gas.

The mine is at nearby Voelklingen.

Ambulances, fire brigades and rescue crews from the entire coal-rich Saar Basin raced to the area. Screaming sirens alerted the entire region and families of men employed at the mine began clustering at the entrance to the mine.

A rescue crew from the U.S. Army in Kaiserlautern was sent to the area to assist.

Direction of rescue operations was taken over by the Saarland minister of labor, Paul Simonis. Helicopters assisted in taking the injured to hospitals.

The mine has won several prizes for safety.

Germany's worst postwar disaster was in 1946 in the Ruhr when 402 men lost their lives.

The most disastrous mining accident in the Saar, a rich coal and steel basin, was in 1907 when 148 miners lost their lives at the Reder mine near Saarbruecken.

In the 1950-60 decade at least 267 miners died in accidents in West and East Germany.

Deaths and Funerals

MR. LOUIS GUTCHESS

Mr. Louis Gutches, 65, of Grandview, died at 10 a. m. today in Riverside Methodist Hospital, Columbus, following a brief illness. He was a former resident of Circleville.

Arrangements are incomplete.

SADIE FEATHERINGHAM

Mrs. Sadie Featheringham, Bergholz, died Feb. 5. She was the mother of Roland Featheringham of Ashville.

Services will be Friday at the Robbins Funeral Home in Bergholz.

MRS. ELIZABETH THOMPSON

Mrs. Elizabeth Jane Thompson, 62 of 274 Plum Street, Ashville, died Feb. 6 at 8 a. m. in Doctor's Hospital in Columbus.

She was born May 30, 1899, in South Portsmouth, Ky., the daughter of Charles and Lily Austin Anderson.

Mrs. Thompson is survived by one daughter, Mrs. Eva McCord of Ashville, one son, Charles Earl Thompson of Houston, Texas, and a sister, Mrs. Everett Kinsey of South Portsmouth, Ky.

On June 9, 1920 she was married to Elva Thompson who preceded her in death.

Services will be 1 p. m. Thursday at the Morton Funeral Home in New Boston. Burial will be in Memorial Park Cemetery Wheelersburg.

Friends may call at the Morton Funeral home in New Boston.

MR. RAY L. MCCLELLAND

Services will be 2:30 p. m. Saturday in the Amanda Methodist Church for Mr. Ray L. McClelland, 75, of Amanda, who died at 7:45 a. m. yesterday following a heart attack.

The Rev. Clayton Lutz and Rev. E. H. Jones will officiate at funeral services. Arrangements were completed by the Deffenbaugh Funeral Home.

Mr. McClelland was born January 11, 1887, in Hocking County, the son of Willis and Eliza Lutz McClelland. He was a member of the Amanda Methodist Church and the Stoutsville K of P.

Survivors are his widow, Mary Anderson McClelland; a son, Leslie, and daughter, Eloise McClelland, both of the home; a daughter, Mrs. Elsie Davis, Amanda; a brother, Pearl McClelland, Circleville; two sisters, Mrs. Guy Mowery, Amanda, and Mrs. Mae Hier.

GOP Petition Brings Contest For Auditor

Pickaway County Auditor Marvin Rhoades, a Democrat, will face Republican competition when election day rolls around in November. So far there will be no primary for the office since only one person from each party has filed nominating petitions.

Lawrence R. Liston, 151 Watt St., declared his candidacy today for the GOP nomination as county auditor by filing signature petitions with the Pickaway County Board of Elections.

LAWRENCE R. LISTON

ty Board of Elections.

Liston, presently serving as Circleville Twp. Trustee, was born in Wayne Twp. He was graduated from Muhlenberg High School and for the last 29 years has resided in Circleville and Circleville Twp.

His public service began in 1944 with an appointment to a vacancy on the Circleville Twp. Board of Trustees, a position he has maintained since.

IN 1936 he was appointed to fill a vacancy as a director of the Pickaway County Farm Bureau. He assisted in organizing the Pickaway County Farm Bureau Co-op and served on its directorate.

He became employed by these organizations and served in the field of organizing membership and management.

Liston has been active in farm organizations and activities and assisted in organizing the Soil Conservation Service of the Farm Bureau.

He was appointed the county's representative for the Columbus Production Credit Association and later served farm financial needs with loans through the Farm Bureau Agricultural Credit Corp. He was crew leader in taking the 1954 farm census in Pickaway County and part of Franklin County.

The township trustee is a member of the Circleville Rotary Club, Farm Bureau, Agricultural Society, Farmers and Sportsmen Association and a past president and director of the club.

Liston is a member and past president of the Pickaway County Trustees Association; member and secretary of the Advisory Council to the Pickaway General Health District; Methodist Church and a past member of the official church board; and the Methodist Men's Club.

He and his wife, Lydia, have two sons, Russell H. Liston, Washington C. H., and L. Robert Liston, a Circleville Twp. farmer.

'Fair Lady' Rights Sold
HOLLYWOOD (AP) — After nearly five months of negotiation, Warner Bros. has bought the screen rights to the Broadway musical "My Fair Lady." It cost the studio a record \$5.5 million.

New Citizens

MISS SPEAKMAN

Mr. and Mrs. Alfred Speakman, Kingston, are the parents of a 6-pound 15-ounce daughter born at 9:17 p. m. yesterday in Berger Hospital.

MISS WATSON

Mr. and Mrs. Donald Watson, 351 Eva Drive, are the parents of an 8-pound 11-ounce daughter born at 12:22 a. m. today in Berger Hospital.

MASTER RAMEY

Mr. and Mrs. Paul L. Ramey, 535 E. Franklin St., are the parents of a 7-pound 8-ounce son born at 7:52 a. m. today in Berger Hospital.

MISS HUGGINS

Mr. and Mrs. Richard C. Huggins, Route 1, are the parents of an 8-pound 4 1/2-ounce daughter born at 8:12 a. m. today in Berger Hospital.

Mr. and Mrs. Roger E. Speakman, Starkey Drive, are the parents of a 6-pound 10-ounce son born at 9:09 a. m. today in Berger Hospital.

Mainly About People

Mrs. Lowell McCoy, Mt. Sterling, has been dismissed from Fayette Memorial Hospital, Washington C. H.

Marilyn Foley, Amanda, has been treated and released at Lancaster-Fairfield Hospital.

Teays Valley Booster Club will hold a special meeting Thursday, February 8th, 8:00 p. m., at Ashville Elementary School. Everybody urged to attend.

—ad.

Pickaway Arms will serve lunch Thursday, February 8th.

—ad.

Miss Lois G. Shumate, Mt. Sterling, has been dismissed from Fayette Memorial Hospital, Washington C. H.

Master Kenneth C. Jones, Circleville, Route 4, has been admitted to Chillicothe Hospital.

Heater Explodes, Man Is Injured

Harley Bush, S. Scioto St., was rushed to Berger Hospital yesterday after suffering burns about the face when a kerosene heater exploded.

The accident was at the Allen Hoover farm in Jackson Twp. where Bush is employed. Bush said he was in the process of lighting the heater.

The injured man was taken to the hospital by Deputy Sheriff Dixie Watters. He later was treated at a local physician's office.

Auditor Removes Name from List

County Auditor Marvin H. Rhoades has removed the name of Mrs. Florence Bowers from the list of delinquent taxpayers recently published in The Herald.

Auditor Rhoades took this action when presented with a receipt from Mrs. Bowers stamped paid by former County Treasurer R. G. Colville. The receipt presented was stamped paid under the date of April 26, 1958, and proper entry was made on the records of the county treasurer.

Mrs. Rhoades also said the tax filing of Glen Adams was paid on Jan. 19, 1962.

Panel Discussion Set For Jackson PTS Meet
A panel discussion will highlight the February meeting of Jackson - Muhlenberg Parent-Teacher Society scheduled for 8 p. m. Monday at Jackson School.

The discussion, which is planned on the topic "Home and School Relationship", will be the program for the evening.

ED WALLACE

Wallace Seeks Seventh Term At State Post

State Representative Ed Wallace, 425 N. Court St., filed petitions with the Pickaway County Board of Elections yesterday. He will seek the Democrat nomination in the May Primary election as the county's state representative.

Wallace, seeking his seventh consecutive term, will be opposed by Darrell Hatfield, local owner and operator of an insurance company, who filed his petitions earlier in the week for the Republican nomination.

The Democrat Representative was born and raised in nearby Kinderhook. He came to Circleville at the early age of 17 and became associated with the bakery business.

Ed, as he is commonly known, opened the Wallace Bakery on W. Main St. which he operated for 39 years. He sold the firm to Gene Lindsey, present owner of the business. A month later he took office as state representative.

HE IS A member of the Circleville Chamber of Commerce, Rotary Club and Pickaway County Relators Board. He has served as president of these organizations.

The six-term representative is currently serving on the following house committees: Agriculture, Commerce and Transportation, Conservation, and the Public Improvement and Inspection Committee.

Wallace and his wife, Stella, are the parents of four sons and a daughter. They have 14 grandchildren and nine great grandchildren. The deadline for filing petitions is 4 p. m. today. If no other candidates file before that time, there will be no primary for the state post. The race will see Hatfield vs. Wallace when voters go to the polls in November.

Morris said today he would base his campaign for a second term as commissioner on "a firm support of a progressive road and bridge program and an improvement in the future planning of Pickaway County."

He is an honorary member of the Township Trustees Assn. and a member of the Tarlton Volunteer Fire Department.

Morris said today he would base his campaign for a second term as commissioner on "a firm support of a progressive road and bridge program and an improvement in the future planning of Pickaway County."

Mrs. Dan Austin Kimsey and daughter, 1082 Georgia Road

Bicycle Missing
Nick Wickerham, 150 1/2 W. Main St., told city police yesterday his 26-inch red and white bicycle was stolen. He said the bike was parked near the Lutheran Church.

Morris Files Petitions for Commissioner

Two Pickaway County men will be seeking the Democratic nomination for a position on the Board of County Commissioners at the May Primary Election.

Charles Morris Jr., Route 4, today filed a petition indicating he will seek a second term as a member of the County Commission. Charles Gilt, 1101 S. Court St., another Democrat, filed his nominating petitions last week for the same post.

Morris, the present chairman of the county board, was born in Walnut Twp. He has remained a farm resident of the county throughout his lifetime.

He is a graduate of Salt Creek Twp. School and attended Ohio State University. He spent nearly three years in Europe during World War II receiving several honorary medals including American Theater Service Medal, Euro-

CHARLES MORRIS JR.

pean African Middle Eastern Service Medal and four Bronze Stars with a Bronze Arrowhead.

FOLLOWING his discharge from the U. S. Army in 1945, he resumed his farming career in Salt Creek Twp. He has served as trustee of Salt Creek Twp. for six years. He relinquished the position during his last term to assume his duties as County Commissioner.

He is an honorary member of the Township Trustees Assn. and a member of the Tarlton Volunteer Fire Department.

Morris said today he would base his campaign for a second term as commissioner on "a firm support of a progressive road and bridge program and an improvement in the future planning of Pickaway County."

Six Injured in Vehicle Crash; Driver Is Reported 'Critical'

Six persons were injured, two seriously, in a two-vehicle crash at 5:05 p. m. yesterday on Route 23 about five miles north of South Bloomfield.

Edwin Wright, Columbus, driver of a light truck involved, was listed in "critical" condition today in University Hospital, Columbus. Eric List, 6-months-old, a passenger in the car, was reported in "serious" condition in Children's Hospital, Columbus.

Wright suffered a possible skull fracture. Josephine Wright, a passenger, received lacerations of the face and possible chest injuries. Both were transferred to a Columbus hospital.

The auto was driven by Henry J. List, a Lockbourne airman who lives in Ashville. He suffered facial lacerations and possible chest injuries. Carita, his wife, received lacerations of the right leg and abrasions. A 2-year-old son of the Lists also suffered slight injuries.

THE LISTS were transferred to Lockbourne Air Force Base Hospital. Deputy Sheriff Dixie Watters said the Wright truck, headed north, skidded across a median strip and crashed with the south-bound List car.

Watters said the Wright vehicle skidded 120 feet from where it left the highway to the point of impact. He said the truck then crashed 43 more feet into a field.

The deputy said both vehicles were heavily damaged.

Deputy's Residence Slightly Damaged
Fire in the home of Deputy Sheriff William Pontious, Goosepond Pike, caused minor damage at about 6:30 p. m. yesterday.

The blaze was confined to wooden beams next to a fireplace. Deputy Pontious was on duty at the time.

The fire was quickly doused by the Ashville-Harrison Fire Department.

Deaths and Funerals

MR. LOUIS GUTCHESS

Mr. Louis Gutches, 65, of Grandview, died at 10 a. m. today in Riverside Methodist Hospital, Columbus, following a brief illness. He was a former resident of Circleville.

Arrangements are incomplete.

SADIE FEATHERINGHAM

Mrs. Sadie Featheringham, Bergholz, died Feb. 5. She was the mother of Rolland Featheringham of Ashville.

Services will be Friday at the Robbins Funeral Home in Bergholz.

MRS. ELIZABETH THOMPSON

Mrs. Elizabeth Jane Thompson, 62 of 274 Plum Street, Ashville, died Feb. 6 at 8 a. m. in Doctor's Hospital in Columbus.

She was born May 30, 1899, in South Portsmouth, Ky., the daughter of Charles and Lily Austin Anderson.

Mrs. Thompson is survived by one daughter, Mrs. Eva McCord of Ashville, one son, Charles Earl Thompson of Houston, Texas, and a sister, Mrs. Everett Kinsey of South Portsmouth, Ky.

On June 9, 1920 she was married to Elva Thompson who preceded her in death.

Services will be 1 p. m. Thursday at the Morton Funeral Home in New Boston. Burial will be in Memorial Park Cemetery Wheelersburg.

Friends may call at the Morton Funeral home in New Boston.

MR. RAY L. MCCLELLAND

Services will be 2:30 p. m. Saturday in the Amanda Methodist Church for Mr. Ray L. McClelland, 75, of Amanda, who died at 7:45 a. m. yesterday following a heart attack.

The Rev. Clayton Lutz and Rev. E. H. Jones will officiate at funeral services. Arrangements were completed by the Deffenbaugh Funeral Home.

Mr. McClelland was born January 11, 1887, in Hocking County, the son of Willis and Eliza Lutz McClelland. He was a member of the Amanda Methodist Church and the Stoutsville K of P.

Survivors are his widow, Mary Anderson McClelland; a son, Leslie, and daughter, Eloise McClelland, both of the home; a daughter, Mrs. Elsie Davis, Amanda; a brother, Pearl McClelland, Circleville; two sisters, Mrs. Guy Mowery, Amanda, and Mrs. Mae Hierarchy, Amanda, and Mrs. Mae Hierarchy, Amanda.

GOP Petition Brings Contest For Auditor

Pickaway County Auditor Marvin Rhoades, a Democrat, will face Republican competition when election day rolls around in November. So far there will be no primary for the office since only one person from each party has filed nominating petitions.

Lawrence R. Liston, 151 Watt St., declared his candidacy today for the GOP nomination as county auditor by filing signature petitions with the Pickaway County Board of Elections.

Mr. Liston, 151 Watt St., declared his candidacy today for the GOP nomination as county auditor by filing signature petitions with the Pickaway County Board of Elections.

MASTER SPEAKMAN

Mr. and Mrs. Roger E. Speakman, Starkey Drive, are the parents of a 6-pound 10-ounce son born at 9:09 a. m. today in Berger Hospital.

Mainly About People

Mrs. Lowell McCoy, Mt. Sterling, has been dismissed from Fayette Memorial Hospital, Washington C. H.

Marilyn Foley, Amanda, has been treated and released at Lancaster-Fairfield Hospital.

Teays Valley Booster Club will hold a special meeting Thursday, February 8th, 8:00 p. m., at Ashville Elementary School. Everybody urged to attend.

Pickaway Arms will serve lunch Thursday, February 8th.

Miss Lois G. Shumate, Mt. Sterling, has been dismissed from Fayette Memorial Hospital, Washington C. H.

Master Kenneth C. Jones, Circleville, Route 4, has been admitted to Chillicothe Hospital.

Heater Explodes, Man Is Injured

Harley Bush, S. Scioto St., was rushed to Berger Hospital yesterday after suffering burns about the face when a kerosene heater exploded.

The accident was at the Allen Hoover farm in Jackson Twp. where Bush is employed. Bush said he was in the process of lighting the heater.

The injured man was taken to the hospital by Deputy Sheriff Dixie Watters. He later was treated at a local physician's office.

Auditor Removes Name from List

County Auditor Marvin H. Rhoades has removed the name of Mrs. Florence Bowers from the list of delinquent taxpayers recently published in The Herald.

Auditor Rhoades took this action when presented with a receipt from Mrs. Bowers stamped paid by former County Treasurer R. G. Colville. The receipt presented was stamped paid under the date of April 26, 1958, and proper entry was made on the records of the county treasurer.

Mrs. Rhoades also said the tax filing of Glen Adams was paid on Jan. 19, 1962.

Panel Discussion Set For Jackson PTS Meet

A panel discussion will highlight the February meeting of Jackson - Muhlenberg Parent-Teacher Society scheduled for 8 p. m. Monday at Jackson School.

The discussion, which is planned on the topic "Home and School Relationship", will be the program for the evening.

ED WALLACE

Wallace Seeks Seventh Term At State Post

State Representative Ed Wallace, 425 N. Court St., filed petitions with the Pickaway County Board of Elections yesterday. He will seek the Democrat nomination in the May Primary election as the county's state representative.

Wallace, seeking his seventh consecutive term, will be opposed by Darrell Hatfield, local owner and operator of an insurance company, who filed his petitions earlier in the week for the Republican nomination.

The Democrat Representative was born and raised in nearby Kinderhook. He came to Circleville at the early age of 17 and became associated with the bakery business.

Ed, as he is commonly known, opened the Wallace Bakery on W. Main St. which he operated for 39 years. He sold the firm to Gene Lindsey, present owner of the business. A month later he took office as state representative.

HE IS A member of the Circleville Chamber of Commerce, Rotary Club and Pickaway County Relators Board. He has served as president of these organizations.

The six-term representative is currently serving on the following house committees: Agriculture, Commerce and Transportation, Conservation, and the Public Improvement and Inspection Committee.

Wallace and his wife, Stella, are the parents of four sons and a daughter. They have 14 grandchildren and nine great grandchildren. The deadline for filing petitions is 4 p. m. today. If no other candidates file before that time, there will be no primary for the state post. The race will see Hatfield vs Wallace when voters go to the polls in November.

Bicycle Missing

Nick Wickerham, 150 1/2 W. Main St., told city police yesterday his 26-inch red and white bicycle was stolen. He said the bike was parked near the Lutheran Church.

Morris Files Petitions for Commissioner

Two Pickaway County men will be seeking the Democratic nomination for a position on the Board of County Commissioners at the May Primary Election.

Charles Morris Jr., Route 4, today filed a petition indicating he will seek a second term as a member of the County Commission. Charles Glitt, 1101 S. Court St., another Democrat, filed his nominating petitions last week for the same post.

Morris, the present chairman of the county board, was born in Walnut Twp. He has remained a farm resident of the county throughout his lifetime.

He is a graduate of Saltcreek Twp. School and attended Ohio State University. He spent nearly three years in Europe during World War II receiving several honorary medals including American Theater Service Medal, Euro-

CHARLES MORRIS JR.

pean African Middle Eastern Service Medal and four Bronze Stars with a Bronze Arrowhead.

FOLLOWING his discharge from the U. S. Army in 1945, he resumed his farming career in Saltcreek Twp. He has served as trustee of Saltcreek Twp. for six years. He relinquished the position during his last term to assume his duties as County Commissioner.

He is an honorary member of the Township Trustees Assn. and a member of the Tarlton Volunteer Fire Department.

Morris said today he would base his campaign for a second term as commissioner on "a firm support of a progressive road and bridge program and an improvement in the future planning of Pickaway County."

Tiger Frosh Lose Cage Tilt

The Circleville Freshman cagers lost a heartbreaker, 42-40, to Pleasant View last night on the latter's court.

The young Tigers trailed throughout the game after getting off to a slow start. With a minute and 13 seconds to go in the tilt, the youngsters were down 13 points but they shower the Pleasant View club that they were not to be counted out.

They scored 11 points in the closing seconds of the ball game and were in possession of the ball as time ran out.

Chet Iery led the attack for the Roundtown Freshmen scoring 14 points on five field goals and four charity tosses and John Thomas chipped in with five field goals and two free throws for twelve points. Pleasant View had three men in double figures. Pearl and Steinhoff both had 13 and McHale connected for 10.

Thursday night the Red and Black Freshmen tangle with Chillicothe in a tilt at the Circleville Gym.

Safety Factor Improves for Newborn Babies

By THE ASSOCIATED PRESS
The growing safety of a baby's life; the question of whether human birth is only a half-way point to readiness for life; and a study of blood for 75,000 mothers are subjects for focus on health.

For the anxious, prospective mother and father, the birth of a first child is probably the most important, exciting milestone in life. They might calm themselves with this:

Since man first appeared on the earth some 600,000 years or more ago, some 77 billion babies have been born.

"Until recently, at least a half of all babies born died before reaching maturity," says the population Reference Bureau.

"Man's quest for some formula to avert death included magic, incantations and prayers, but none of these had shown any efficacy against the major killers. Then, with the advance of modern science, the mortality pattern of a million years was broken."

Now, the bureau points out, 95 out of every 100 babies born in western, industrial society live to become adults.

For some scientists, the idea that the gestation period for man is 267 days is only half the story.

Dr. Ashley Montagu, Princeton University anthropologist, says the human baby is ushered into the world before he is really ready for it. In fact, birth may be the half-way point.

While it takes the infant some 267 days to develop in the womb, it's about 267 days after birth before the child learns to crawl.

Montagu feels that the human infant has to be born when he is, or he would not be able to be born at all. The infant's brain needs only increase slightly to make passage through the birth canal impossible.

In fact the baby's growth rate is such that it just can't continue inside the womb. It must continue outside.

This natural progression, Montagu says, is reflected in the mother, too. At birth the mother needs to care and support her child. Her whole body is ready to minister to the infant's needs.

Yet mother and child are isolated from each other in many modern hospitals, just when they need each other most.

Are there secret viruses in an expectant mother's blood that cause mental retardation or some other brain or nerve disorder in her yet unborn child?

To find the answer, scientists at the National Institutes of Health have begun a study to sample the blood of more than 75,000 expectant mothers. The study will cover 15 medical centers across the United States. Pregnant women and their babies will be studied. It will last some 10 years.

Samples will be checked for viruses that range in effect from the common cold to polio and death.

Community Evaporator Put into Use

CHARDON, Ohio (AP)—A community evaporator house went into operation for the first time Monday night on a farm in Bainbridge.

Observers predicted most sugar bush operators in the maple belt will abandon their own sugar shanties within a decade to sell their sap to operators of central evaporators. They say this method of assembly-line maple sirup production eliminates costly duplication of labor and investment.

The equipment owned by Howard S. Taylor consists of three evaporating pans connected in series, from which the sirup moves automatically into a finishing pan. An automatic control system determines when the sirup is ready and draws it off into a vat to be fed into containers.

Taylor pays neighboring farmers three cents a gallon for sap hauled to the central evaporator in his 1,000 - gallon tank truck. He said he expects to boil down some 250 barrels of sap into 150 gallons of sirup a day. This would be done at a fuel cost of 50 cents a gallon, or cheaper than wood cut with hired labor, he said.

Water Plant Sale Hit
COLUMBUS, Ohio (AP) — The Ohio Supreme Court has been asked by Lake County taxpayers to overturn sale of the Madison water plant to The Ohio Company, after refusal of lower courts to do so.

BANTU MILLIONAIRE OFF TO WORK—While his wives chant a song of farewell, Khotsu Sethunsa, a millionaire businessman of Lusikisiki, Transkei, South Africa, enters his American-made car to drive to his office. He is one of several Bantu millionaires in South Africa. Transkei is to be granted internal self government in 1963. (Central Press)

Three Ordinances Are Passed In Fast Moving Council Meet

Three ordinances were passed last night in a fast moving session of City Council.

Two of the measures involved transfer of money. The other authorized Attorney Robert H. Huffer to serve as assistant city solicitor to prosecute a case now pending in Circleville Municipal Court.

One of the money ordinances asked for the transfer of \$2,500 from the waterworks operating fund to the waterworks improvement fund for the purchase of land and other incidentals relative to the improvement and extension of the city's waterworks system.

The money will be utilized in the City Water Department's planned project for a new iron removal and pumping plant west of Circleville and the installation of an elevated storage tank in the northeast section of the city.

ERVIN LEIST, utilities director, was present to explain the transfer of money request.

The other money ordinance asked for the transfer of \$1,000 from the sustenance of prisoners account of the general fund to an account providing for the maintenance of prisoners in the Cincinnati Workhouse.

The city entered into a contract several weeks ago authorizing local prisoners to be sentenced to the Cincinnati Workhouse. The re-

quested account will provide a fund for Circleville Municipal Court to initiate such action. Need for the fund was explained by Police Chief Robert Temple.

The measure authorizing Huffer as assistant city solicitor stems from a case involving the State of Ohio vs defendant Luther A. Ruff who is accused of building a barbed wire fence on the land separating his land from that of Harry J. Clifton.

Solicitor Kenneth Robbins explained that Ruff is a former client of his. He said it would not be logical for him to serve as prosecutor in the case.

In other business, the solons refused to introduce an ordinance submitted by the White Brothers Development Co. pertaining to the acceptance of a plat for a proposed new subdivision at Nicholas and Brink Drives.

THE refusal came about on a technicality found in the \$2,000 performance bond submitted by the White Brothers. It was pointed out that the bond was posted by the development firm, not a third party. Councilmen said the ordinance probably will be introduced at the next meeting providing the satisfactory bond posting is completed.

The proposed White Brothers project, known as Sherwood Subdivision, No. 1, is composed of 12

lots in the Nicholas and Brink Drives area, according to a drawing submitted by Jack White last night. The local builder said the subdivision will include homes of the split-level type in the \$15,000 range.

Plans for the subdivision have already gone before the Planning and Zoning Commission which has given partial approval to the project.

Pittsburgh Plate Negotiators Mum

CINCINNATI (AP) — Spokesmen declined to say a word Tuesday about negotiations between the Pittsburgh Plate Glass Co and the United Glass and Ceramics Workers on a contract to replace an agreement which will expire Feb. 16.

It was learned that James W. Wilson, federal mediator, may sit in on the meeting if an agreement is not reached by late in the week. Wilson, however, was out of the city and is not expected back until Thursday.

The expiring contract was reached in February 1959 after a 134-day strike. Originally it was for two years but it later was extended for a third year under a reopening clause.

8-Mill Clermont Levy Draws Added Support

BATAVIA, Ohio (AP) — A proposed 8-mill tax levy to operate West Clermont schools, three times defeated, has drawn support of another group—West Clermont Citizen's Committee.

The group reported plans for a door-to-door canvass of eligible voters and a similar plan by volunteer high school students. The proposal goes before voters Feb. 20.

Oxford Council OKs Hiring Village Manager

OXFORD, Ohio (AP)—Leonard G. Howell's appointment as first village manager of Oxford is official. Council chose him unanimously Tuesday night on recommendation of a citizens' group that studied applicants.

Howell, 68 and a native of Iron-ton, is leaving his Des Moines, Iowa, engineering post to assume the managership.

Culinary Charmers

Invite friends in for a casual supper after the basketball game. Or, maybe the teenage crowd is gathering at your house.

Young and old alike always go for frankfurters, but they'll especially like these Blanket Franks. The franks are placed on wooden skewers, rolled in a corn meal batter, then deep-fat fried in hot lard until golden brown.

They're destined to score with appetites sharpened from the outdoor activity. Prepare plenty for second helpings. The first franks to finish cooking can be kept warm in the oven while the second ones are frying.

An informal buffet supper would be most convenient for this occasion. Have the rest of the menu prepared ahead of time, so all you need do just before serving is to fry the franks. Buffet foods should be easy to eat, too. These Blanket Franks on skewers certainly win on this account.

Blanket Franks
1 pound frankfurters
1½ cups sifted enriched flour
2 cups corn meal
2 tablespoons sugar
1½ teaspoons baking powder
½ teaspoon salt
2 tablespoons lard
1 egg, slightly beaten
8 wooden skewers
Lard for deep-fat frying
Sift together flour, corn meal, sugar, baking powder and salt. Cut in lard until mixture has a fine even crumb. Combine egg and

Most Valuable Vegetable Becomes Epicurean Delight

By ALICE DENHOFF
Don't sell potatoes short—the U. S. Department of Agriculture doesn't, nor do recognized authorities on nutrition.

White potatoes are one of the world's most valuable vegetable crops. Because of the amount we normally eat, potatoes are one of our vital sources of vitamin C, as well as other vitamins and minerals.

So roast 'em, fry 'em, mash 'em, brown 'em and, above all, bake potatoes frequently for good eating.

Here is an easy recipe for Italian-style potatoes.

POTATO-EGG CASSEROLE

2 lbs. (6 medium) potatoes
1 inch boiling water in saucepan
1 tsp. salt
2 tbsp. grated Parmesan cheese
¾ tsp. black pepper
¼ c. ozzarella cheese
¼ c. milk (hot)
6 eggs

Cook peeled potatoes in boiling salted water until tender. Mash until fluffy. Add pepper and cheeses, mixing well.

Add hot milk.
Turn into buttered 1-qt. casserole. Insert pieces of Mozzarella cheese in top.

Make 6 wells in top and break an egg in each. Sprinkle with salt and pepper to taste. Bake at 350 degrees F., until cheese is melted and eggs are cooked. Serve hot. Serves 6.

Another fine potato recipe serves 6 for luncheon or supper.

POTATOES WITH BACON AND TOMATO SAUCE

4 strips bacon
½ c. chopped onion
2 tbsp. flour
¾ c. beef stock
¾ c. diced tomatoes
½ tsp. salt
¾ tsp. black pepper
6 medium boiled potatoes
Parsley for garnish

Fry bacon until crisp; remove from pan and place on absorbent paper.

Drain off all but 2 tbsp. of bacon fat. Add onions; saute until crisp.

Blend in flour. Add beef stock, tomatoes, salt and pepper. Cook until medium thickness.

Pour over boiled cooked potatoes.

milk and add to corn meal mixture, stirring until well blended. Insert wooden skewers into ends of the frankfurters and roll in corn meal batter. Drop into deep hot lard (360 degrees F.) and fry until browned. 6 to 8 servings.

Calendar

Women's News

6 The Circleville Herald, Wed. February 7, 1962
Circleville, Ohio

Junior Women's Club Fetes Husbands at Derby Night

Twenty members of the Circleville Junior Women's Club entertained their husbands with a Derby Night Party Thursday evening in the Elks Club building.

The room was decorated for the occasion with various symbols of horse racing such as horse shoes and names of race tracks throughout the country. On each table was placed a pennant bearing the name of a famous race horse.

The center of decorations was a painting of Scioto Downs Harness Race Track down by a club member, Mrs. Wayne Smith.

Guests were admitted to the party through a ticket booth like those at race tracks.

The evening began with a carry-in dinner, after which the special guest of the evening, Chuck Stokes, publicity director for Scioto Downs, was introduced.

Mr. Stokes gave a very interesting talk outlining the history of harness racing, and describing Scioto Downs particularly as the show-place of harness racing in America today.

After his talk, he showed movies of two races for which the guests had chosen winners. This was done to give an example of the "Daily Double", so popular at race tracks. The winners received prizes.

The evening concluded with games and dancing.

Mrs. Jerald Harrell was general chairman for the event. Assisting her were Mrs. Ron Spence, chairman of decorations; Mrs. Joe Brooks, food chairman, and Mrs. Robert McKelvey, games chairman.

Those assisting Mrs. Spence were Mrs. Wayne Smith, Mrs. Don Greenlee and Mrs. Richard Pettit.

Mrs. Brooks was assisted by Mrs. Leroy Slusser and Mrs. Norman Henderson.

Mrs. Robert Christy assisted Mrs. McKelvey in preparing for the games.

Miss Frazier Honored Guest At Bridal Fete

Miss Donna Frazier of Stoutsville, bride-elect of Dale E. Wolfe, was honored guest at a miscellaneous shower given in the home of Mrs. Creation Kraft and daughter, Evelyn, 658 E. Mound St.

A color theme in pink and green was used throughout the decorations.

Guests attending the pre-nuptial event were: Mrs. Emmett Frazier, Mrs. Gail E. Wolfe Sr., Mrs. Roger Roof, Mrs. Ovid Timmons, Mrs. Paul D. Kraft, Mrs. Gerald Majors, Mrs. Walter Richards, Mrs. Paul Congrove, Mrs. Guy Stockman, Mrs. James Weaver, Mrs. Albert Leist, Alma Glick, Jeannine Frazier, Joyce Frazier and Linda Davis.

Those sending gifts included: Mrs. David Kraft, Mrs. Turney Kraft, Mrs. Ned Kraft, Mrs. Kenneth Majors, Mrs. Paul Thompson, Mrs. Hazel Bowman, Mrs. Russell Andrews, Mrs. Richard Shaw, Miss Betty Riffle and Miss Glenna Dewey.

The Frazier-Wolfe wedding will be an event of Friday, March 9, in the local Church of Christ in Christian Union.

Wife Preservers

A bay leaf in stored corn meal, flour and other milled grains will keep weevils out.

Anniversary Dinner Honors Tarlton Couple

Mr. and Mrs. Arnold Reichelderfer, Tarlton, were guests of honor at a surprise wedding anniversary dinner Sunday.

The event, planned by the couple's four children, was held in Lincoln Lodge, Columbus.

Sharing honors with the Reichelderfers were Mr. and Mrs. Lawrence Hedges, Mr. Dan Firestone and Miss Carolyn Reichelderfer, Columbus; Mr. and Mrs. Ned Reichelderfer, Derby; Mrs. William Leist and Marmil, Ashville; Mr. and Mrs. Carl Reichelderfer and Carla Ann, Tarlton and Pvt. Marvin Reichelderfer, Fort Knox, Ky.

Pvt. Reichelderfer returned to the army base Monday for graduation and further assignment to a tour of duty at Denver, Colo.

Cooking oatmeal for their children? You can up nutrients and flavor by using milk for half the water called for.

Old-fashioned lemon sauce is a delightful accompaniment to baked bananas to be served for dessert.

Personals

Mrs. Louise Rader, 1130 S. Court St., had as a Tuesday visitor, Miss Kaye Seyfang, Route 1, Amanda.

Culinary Charmers

Invite friends in for a casual supper after the basketball game. Or, maybe the teenage crowd is gathering at your house.

Young and old alike always go for frankfurters, but they'll especially like these Blanket Franks. The franks are placed on wooden skewers, rolled in a corn meal batter, then deep-fat fried in hot lard until golden brown.

They're destined to score with appetites sharpened from the outdoor activity. Prepare plenty for second helpings. The first franks to finish cooking can be kept warm in the oven while the second ones are frying.

An informal buffet supper would be most convenient for this occasion. Have the rest of the menu prepared ahead of time, so all you need do just before serving is to fry the franks. Buffet foods should be easy to eat, too. These Blanket Franks on skewers certainly win on this account.

Blanket Franks
1 pound frankfurters
1 1/4 cups sifted enriched flour
1/2 cup corn meal
2 tablespoons sugar
1 1/2 teaspoons baking powder
1/2 teaspoon salt
2 tablespoons lard
1 egg, slightly beaten
1/2 cup milk
8 wooden skewers
Lard for deep-fat frying
Sift together flour, corn meal, sugar, baking powder and salt. Cut in lard until mixture has a fine even crumb. Combine egg and

Most Valuable Vegetable Becomes Epicurean Delight

By ALICE DENHOFF
Don't sell potatoes short—the U. S. Department of Agriculture doesn't, nor do recognized authorities on nutrition.

White potatoes are one of the world's most valuable vegetable crops. Because of the amount we normally eat, potatoes are one of our vital sources of vitamin C, as well as other vitamins and minerals.

So roast 'em, fry 'em, mash 'em, brown 'em and, above all, bake potatoes frequently for good eating.

Here is an easy recipe for Italian-style potatoes.

POTATO-EGG CASSEROLE
2 lbs. (6 medium) potatoes
1 inch boiling water in saucepan
1 tsp. salt
2 tbsp. grated Parmesan cheese
1/2 tsp. black pepper
1/4 c. ozzarella cheese
3/4 c. milk (hot)
6 eggs

Cook peeled potatoes in boiling salted water until tender. Mash until fluffy. Add pepper and cheeses, mixing well.

Add hot milk.
Turn into buttered 1-qt. casserole. Insert pieces of Mozzarella cheese in top.

Make 6 wells in top and break an egg in each. Sprinkle with salt and pepper to taste. Bake at 350 degrees F., until cheese is melted and eggs are cooked. Serve hot. Serves 6.

Another fine potato recipe serves 6 for luncheon or supper.

POTATOES WITH BACON AND TOMATO SAUCE
4 strips bacon
1/2 c. chopped onion
2 tbsp. flour
3/4 c. beef stock
3/4 c. diced tomatoes
1/2 tsp. salt
1/2 tsp. black pepper
6 medium boiled potatoes
Parsley for garnish

Fry bacon until crisp; remove from pan and place on absorbent paper.

Drain off all but 2 tbsp. of bacon fat. Add onions; saute until crisp.

Blend in flour. Add beef stock, tomatoes, salt and pepper. Cook until medium thickness.

Pour over boiled cooked potatoes; milk and add to corn meal mixture, stirring until well blended. Insert wooden skewers into ends of the frankfurters and roll in corn meal batter. Drop into deep hot lard (360 degrees F.) and fry until browned. 6 to 8 servings.

es. Crumble crisp bacon over top. Garnish with parsley.

Another fine potato special will serve 6.

POTATOES DE LUXE
5 medium potatoes
3 small onions
1/2 green pepper
2 eggs, beaten slightly
2 tsp. salt
1/4 tsp. black pepper
3 tsp. bacon fat

Peel potatoes and onions. Put through food chopper with green pepper, using medium blade. Add eggs, salt and pepper; mix well.

Heat bacon fat in 10-inch skillet. Add potato mixture. Spread uniformly in pan.

Cook, covered, over low heat, without stirring, until brown on bottom and cooked through — about 15 minutes.

Serve hot.

Wife Preservers

A bay leaf in stored corn meal, flour and other milled grains will keep weevils out.

ROMANCE GOES ON—A plentiful supply of gendarmes is on guard in this Paris spot, but all they've got to watch is a pair of romantic strollers—at the moment. The government had 30,000 soldiers and a hundred tanks ready for trouble with the outlawed secret army organization, which is terrorizing in opposition to separation of Algeria from France.

Political Explosions Hinted In Inquiry into Stockpiling

WASHINGTON (AP)—Democrats hinted broadly today they believe they have found the fuse for some political explosions against the Republicans in the forthcoming stockpiling inquiry.

Sen. Hubert H. Humphrey of Minnesota told an informal news conference Tuesday he expects some "interesting revelations" when a committee headed by Sen. Stuart Symington, D-Mo., inquires into what President Kennedy calls the excessive storage of strategic materials.

While Humphrey would not elaborate, it was learned from other sources the Democrats expect some high figures of the Eisenhower administration to be illuminated in an unfavorable political light by disclosures before the Symington committee.

It was emphasized that preliminary investigations have disclosed no illegalities. But there was said to be ample evidence of what Kennedy said could prove to be "unconscionable" profits.

As an example, a senator who didn't want to be quoted by name said he had been informed that agreements had been made under which processing plants had been built and accelerated depreciation granted. A high price set on the product to finance its production was not reduced after the plant had been fully depreciated for tax purposes.

Republicans—and some Democrats—think the inquiry will cut both ways politically. They say the blame for the failure of the government to get lower prices and its purchase of excessive amounts of materials will fall on members of both parties.

They note that the program got its first impetus under the Truman administration, with which Symington was associated as secretary of the Air Force, chairman of the National Security Resources Board, and Reconstruction Finance Corp. administrator.

In one aspect of the stockpiling matter, the General Services Administration said Tuesday it had sold 3.4 million pounds of feathers from storage since October 1960.

This announcement came after Sen. John J. Williams, R-Del. had let it be known he had asked GSA for a report on whether it had sold two million pounds of deteriorated feathers and down which Congress had authorized it to dispose of last September.

Derby

On the sick list and suffering from the flu are Mrs. Nellie Bauman and Mrs. Einor Brown.

Mr. and Mrs. John Young and sons Brad and Brian of Sunnyvale, Calif., are visiting with Mrs. Young's parents, Mr. and Mrs. William Deyo. The Young's smallest son became ill two days after arrival and has been in a patient in Children's Hospital for over a week.

Joe Hedges, Bellefontaine, passed away in the hospital there on Jan. 1. He was a resident of Derby for several years and operated the depot here. Mrs. Hedges was the former Bertie Yoakem. The couple had recently celebrated their 50th wedding anniversary.

The Derby Blissful Class met on Wednesday evening this week at the Fellowship Hall.

Mr. Carl Vance, formerly of here and now of Mt. Sterling, was admitted to Grant Hospital.

Mr. and Mrs. Harry Clark of near Mt. Sterling has returned from a seven-week vacation in Florida.

White House Gets Wilson Typewriter

WASHINGTON (AP)—President Kennedy acquired a historic typewriter today—a portable once used by President Woodrow Wilson.

"My wife has collected everything," he jested. "This is mine. This is the only thing I have produced."

The typewriter was given the President by the family of the late Adam, Carl T. Grayson, who was Wilson's personal physician.

Kennedy recalled that the typewriter originally was bought by the government but was sold as surplus during the Warren G. Harding administration. Grayson bought it.

The typewriter will be put on display at the White House.

Lebanon Engineer Gets Job as Manager, Too

LEBANON, Ohio (AP)—City engineer Charles L. Guard Jr. will be Lebanon's first city manager, but he'll keep the engineer's job, too.

The new city council approved unanimously Tuesday night the choice of Guard to hold both posts at a joint salary of \$12,000 yearly.

Stoutsville News By Mrs. A. B. Wynkoop

Mrs. Hugh McKinney Dickie and Elenora of Hemlock visited relatives and friends Sunday.

Mr. and Mrs. Henry Imbler spent Sat. evening with Mr. and Mrs. Clark Aldenderfer.

Mr. and Mrs. Robert Dillon and children, Steven and Cathy and

Mrs. Harry Watters of Lancaster, O., called on Mrs. Nellie Calton Sunday.

Mrs. Clark Aldenderfer and Mrs. Glen Christy visited Sunday afternoon with Rev. and Mrs. Joseph Freese, Margaret and Paul in Springfield.

Mae Hartley of Circleville, Mr.

and Mrs. James Lovett and family visited Mrs. Helen Seniff and son, Jack, in Chillicothe Sunday afternoon.

Mr. and Mrs. Roy Miller of near Baltimore were recent visitors of Mr. and Mrs. Westley Fetherolf.

Mr. and Mrs. Robert Hanley of Baltimore, who have returned home after spending six weeks in Florida, visited Friday evening with Mr. and Mrs. Cliff Hanley.

Mr. and Mrs. Byrl T. Reichelder-

fer and daughters of Wilmington visited with Mrs. Altra Reichelderfer and family and Mr. and Mrs. Merle Justus Sunday.

Mr. and Mrs. Clarence Thorne and family of Gahanna, visited Sunday with Mrs. Roy Harden.

ROMANCE GOES ON—A plentiful supply of gendarmes is on guard in this Paris spot, but all they've got to watch is a pair of romantic strollers—at the moment. The government had 30,000 soldiers and a hundred tanks ready for trouble with the outlawed secret army organization, which is terrorizing in opposition to separation of Algeria from France.

Political Explosions Hinted In Inquiry into Stockpiling

WASHINGTON (AP) — Democrats hinted broadly today they believe they have found the fuse for some political explosions against the Republicans in the forthcoming stockpiling inquiry.

Sen. Hubert H. Humphrey of Minnesota told an informal news conference Tuesday he expects some "interesting revelations" when a committee headed by Sen. Stuart Symington, D-Mo., inquires into what President Kennedy calls the excessive storage of strategic materials.

While Humphrey would not elaborate, it was learned from other sources the Democrats expect some high figures of the Eisenhower administration to be illuminated in an unfavorable political light by disclosures before the Symington committee.

It was emphasized that preliminary investigations have disclosed no illegalities. But there was said to be ample evidence of what Kennedy said could prove to be "unconscionable" profits.

As an example, a senator who didn't want to be quoted by name said he had been informed that agreements had been made under which processing plants had

been built and accelerated depreciation granted. A high price set on the product to finance its production was not reduced after the plant had been fully depreciated for tax purposes.

Republicans—and some Democrats—think the inquiry will cut both ways politically. They say the blame for the failure of the government to get lower prices and its purchase of excessive amounts of materials will fall on members of both parties.

They note that the program got its first impetus under the Truman administration, with which Symington was associated as secretary of the Air Force, chairman of the National Security Resources Board, and Reconstruction Finance Corp. administrator.

In one aspect of the stockpiling matter, the General Services Administration said Tuesday it had sold 3.4 million pounds of feathers from storage since October 1960.

This announcement came after Sen. John J. Williams, R-Del. had let it be known he had asked GSA for a report on whether it had sold two million pounds of deteriorated feathers and down which Congress had authorized it to dispose of last September.

Derby

On the sick list and suffering from the flu are Mrs. Nelle Baughan and Mrs. Elnor Brown.

Mr. and Mrs. John Young and sons Brad and Brian of Sunnyvale, Calif., are visiting with Mrs. Young's parents, Mr. and Mrs. William Deyo. The Young's smallest son became ill two days after arrival and has been a patient in Children's Hospital for over a week.

Joe Hedges, Bellefontaine, passed away in the hospital there on Jan. 1. He was a resident of Derby for several years and operated the depot here. Mrs. Hedges was the former Bertie Yoakem. The couple had recently celebrated their 50th wedding anniversary.

The Derby Blissful Class met on Wednesday evening this week at the Fellowship Hall.

Mr. Carl Vance, formerly of here and now of Mt. Sterling, was admitted to Grant Hospital.

Mr. and Mrs. Harry Clark of near Mt. Sterling has returned from a seven-week vacation in Florida.

White House Gets Wilson Typewriter

WASHINGTON (AP)—President Kennedy acquired a historic typewriter today — a portable one used by President Woodrow Wilson.

"My wife has collected everything," he jested. "This is mine. This is the only thing I have produced."

The typewriter was given the President by the family of the late Adam, Carl T. Grayson, who was Wilson's personal physician.

Kennedy recalled that the typewriter originally was bought by the government but was sold as surplus during the Warren G. Harding administration. Grayson bought it.

The typewriter will be put on display at the White House.

Lebanon Engineer Gets Job as Manager, Too

LEBANON, Ohio (AP) — City engineer Charles L. Guard Jr. will be Lebanon's first city manager, but he'll keep the engineer's job, too.

The new city council approved unanimously Tuesday night the choice of Guard to hold both posts at a joint salary of \$12,000 yearly.

Ziegfeld Girls Hold Reunion

25th Anniversary Of Club Observed

HOLLYWOOD (AP)—There was a sizable display of mink, but some cloth coats, too. Some brought along their husbands, but many came singly. They seemed to have one thing in common: a joy of life, spawned in a wonderful era.

These were the Ziegfeld Girls, meeting for the 25th anniversary of their Ziegfeld Club. There were grandmothers and even great-grandmothers among them, but some were still stunning to behold, like Bernice Dalton Janssen, mother of actor David Janssen, and a lovely brunette who recalled wearing a hat and a few rosebuds in the Follies of 1930.

Billie Burke, Flo Ziegfeld's widow was guest of honor. "They're such brave girls," said the still-lovely actress of the club members. Then she added as an afterthought: "I think anyone must be brave to go into show business."

Beulah McFarland (Follies '18-'24) is head of the local chapter. She paused between her duties to tell about the club. It was founded 25 years ago in New York, where there are now 200 members. In recent years groups have formed in Los Angeles (73 members) and Miami (50).

The girls meet for monthly get-togethers and sometimes raise money for members whose luck has turned sour.

The Ziegfeld Follies ran from 1908 to 1931, but Mrs. McFarland said there was no difficulty about members' dating themselves. "The ones who won't admit their age won't join," she said.

Dope Ring Is Linked to Taxi Firm

CINCINNATI (AP)—Police here and across the Ohio River at Newport, Ky., are investigating an alleged narcotics ring operating out of a Newport taxi firm.

John A. Maddox, 25, a driver for the Dot Knight Cab Co. of Newport, was arrested in Cincinnati Monday and charged with unlawful possession of barbiturates (nembutal).

Police said his arrest was due to Bonnie Shaw, 38, of Cincinnati, who persuaded the driver to pick up the barbiturate capsules at the cab company office and drive across the Ohio River with them. She then tipped of the police.

Police said they found 40 capsules of nembutal in the cab. They said Maddox admitted picking up a packet for Miss Shaw, but denied he knew it contained drugs. Newport detectives searched the office of the cab firm. No drugs were found.

Miss Shaw told police she hated the narcotics trade because her former husband got into trouble about barbiturates.

Jack Braunstein, chief enforcement officer for the Ohio narcotics squad, said his office for some time has been investigating reports barbiturates have been sold through a Newport cab firm.

U.N. Official To Be Dean At Columbia

NEW YORK (AP)—Andrew W. Cordier, a member of the United Nations high command since the international organization's founding, is resigning to assume a deanship at Columbia University.

The university announced Monday night that Cordier, a native of Canton, Ohio, will become dean of Columbia's School of International Affairs and Regional Institutes July 1.

Dr. Grayson Kirk, Columbia president, said Cordier, a U. N. undersecretary, will leave the world organization later this month.

Cordier had been a professor and department head at Manchester College in Indiana for many years before joining the State Department in 1944.

He was a member of the U.S. delegation to the San Francisco Conference which founded the U. N., was executive assistant to U.N. Secretaries-General Trygve Kie and Dag Hammarskjold, and was recently named undersecretary for General Assembly and related affairs.

HEIGHT OF SUCCESS—America's new space man, Marine John Uelses, 24-year-old German-born resident of Miami, is all smiles as he poses next to the pole vault marker showing his new record, set in Boston. Uelses is the first man to go over 16 feet and did it on consecutive nights. He hopes to reach 16'6" this year.

Democrats Rap Rockefeller, Say Pot Calls Kettle Black

WASHINGTON (AP)—Democratic congressional leaders vigorously supported President Kennedy's proposed urban affairs department Tuesday and rapped Republican Gov. Nelson A. Rockefeller of New York for questioning their motives.

After the party chiefs' weekly breakfast with Kennedy in the White House, Senate Democratic Leader Mike Mansfield of Montana read a statement to newsmen strongly endorsing a new department to handle problems of the metropolitan areas.

Mansfield followed up his prepared statement by recalling that former President Dwight D. Eisenhower announced in advance that he would name Oveta Culp Hobby as secretary of the Department of Health, Education and Welfare. He said Eisenhower designated Mrs. Hobby before the department was created in 1953.

Republican critics of Kennedy's proposal have accused the President of playing politics by appointing Robert C. Weaver, a Negro, as secretary of urban affairs if and when that department is established. Weaver now heads the Housing and Home Finance Agency.

Rockefeller last week accused Kennedy and the Democrats of "political fakery" in naming Weaver ahead of time. Rockefeller, implying Kennedy really intended to defeat his own proposal and create a political advantage, said Democrats were afraid to let the urban affairs plan stand on its merits and "brought in the completely unrelated race issue" through the designation of Weaver.

Mansfield, saying Rockefeller was Mrs. Hobby's chief deputy when the welfare department was formed, snapped: "He shouldn't be calling the kettle black."

House Speaker John W. McCormack of Massachusetts said Rockefeller "certainly puts himself in a markedly inconsistent position."

Mansfield described prospects for Senate approval of the urban affairs department as "fairly good." He predicted it will come to a vote in the Senate between Feb. 14 and 19. As it now rests before Congress, the department proposal will become law unless vetoed by a majority of either the House or Senate. When advanced earlier as an ordinary piece of legislation, it was rejected by the House Rules Committee.

ASK ABOUT OUR FLEXIBLE CHARGE ACCOUNT

Rusk Calls U.N. Bond Deal in U.S. Interest

WASHINGTON (AP)—Secretary of State Dean Rusk says that national interests "allow us no choice except to buy U.N. bonds."

Testifying before the Senate Foreign Relations Committee, Rusk led off the Kennedy administration's drive for authorization to buy up to \$100 million of the \$200 million U.N. bond issue.

The bonds are designed to help the United Nations out of a financial hole deepened by its Congo operation and Soviet refusal to pay Russia's share of the costs.

Rusk made it plain he sees the United Nations as a necessary mainstay of U.S. foreign policy in the years ahead.

Rusk cited what he said were these dollars-and-cents reasons why the United States should buy \$100 million of bonds:

1. Rather than letting the non-paying U.N. members like Russia get off the hook, the bond issue would put pressure on them to pay up less they lose their vote in the United Nations.

2. Since bond repayments are to become part of the U.N.'s regular budget, this would drop the U.S. contribution to Congo costs from 47.5 per cent to 32.02 per cent and Congress would not have to appropriate new money for Congo operations next year.

Ex-PUCO Aide Ordered into AA Meetings

COLUMBUS, Ohio (AP)—Sentencing of R. Martin Galvin, 35, former secretary of the Public Utilities Commission charged with assault and battery, has been deferred until March 10 by Municipal Judge Wilbur Shull.

The charge had been filed against Galvin by his wife, Ruth, last November. Tuesday, the judge deferred sentencing but ordered Galvin to attend 30 meetings of Alcoholics Anonymous and report back to his court March 10. Judge Shull directed Galvin to attend the meetings in Toledo, where the former state employee plans to open a law practice.

Mrs. Galvin said at the hearings that she intends to continue efforts to obtain a legal separation.

A charge of intoxication filed against Galvin was dismissed by Judge Shull for what he said was "lack of evidence."

Nevada is the seventh largest state in the Union in area, but it is the smallest state in population.

Pro Gate-Crasher Aims at Big One

NEW YORK (AP)—Stan Bernman notified his employer that he will be unable to report for duty Thursday.

Stan is going to Washington to attend a motion picture world premiere with some of President Kennedy's Cabinet members and their wives and friends.

He hasn't really been invited to the top-level shindig—a mere formality that never seems to stand in his way of a good time.

He said he will not only take in the show, but wagers he will probably be seated next to some top echelon official.

Stan is a 35-year-old Brooklyn bachelor who pushes a cab around Manhattan when he isn't busy flitting around the country crashing parties, baseball games, prize fights, diplomatic receptions and social events.

"I'm the world's greatest gate

crasher and I have police, FBI, Secret Service and even Scotland Yard records to prove it," he admits, modestly.

Last year the amiable cabbie managed to end up in the Presidential box at the Inaugural Ball sandwiched between Kennedy's father and Atty. Gen. Robert F. Kennedy's wife. The President sat only a few seats away.

"I put on my full dress suit, acted as though I was a member of the official gang and before the Secret Service knew what I was doing, I was plunked down on a seat right in the middle of Kennedy's family," he recalled.

The Presidential officers soon caught on, however, and the impostor was ejected from the limelight and questioned thoroughly.

Stan began gate-crashing at the age of 14 when, in pursuit of autographs, he found himself sneaking

into all sorts of functions to get first crack at the celebrities.

Soon the autograph seeking became secondary to the challenge of gate-crashing and Stan was off on an avocation that has taken him across the country several times.

"Why?"

"I get a charge out of rubbing

elbows with society folks and big wheels and millionaires just to prove to myself that a humble, little cabbie can hobnob with the greats," Stan explained.

"Some people save coins or stamps. Some build things in their cellars. Some drink for a hobby. Me, I get my kicks crashing gates," he said.

Bad Check Case Referred to Jury

Joe Hill, 217 Huston St., has been bound to the Pickaway County Grand Jury for uttering a forged and counterfeited check.

Hill appeared in Circleville Municipal Court for preliminary hearing. Bond was set at \$500.

The accused pleaded guilty to uttering the \$35 check. The affidavit was filed by Police Chief Robert Temple.

The World Today

WASHINGTON (AP)—There are times, and this is one of them, when President Kennedy and Premier Khrushchev look very close to each other.

They're like two heavyweights determined to go the distance but so full of respect for each other's Sunday punch they feel things are tough enough without getting personal about it.

About this time last year, when Kennedy was new in his job and up to his neck in problems with Congress, Khrushchev caused him practically no trouble at all. At least, no extra trouble.

This changed later, about the time Kennedy was finishing up with Congress. Khrushchev suddenly began building a crisis on Berlin. He began talking tough. So did Kennedy. This lasted all summer.

Khrushchev climaxed his temporary unpleasantness by building a wall around East Berlin and abruptly cutting off talks on banning nuclear tests in order to start Soviet nuclear tests.

All through this period Kennedy and Khrushchev battled the ball back and forth. It was a tense and unhappy period for everybody including them. It turned out to be their climax for the year with each other.

Came mid-autumn and there was a change in Khrushchev. It was his turn to get up to his neck in problems with a congress, in his case the Communist party congress. He said a settlement on Berlin could wait.

He denounced Stalin and his tactics and, in so doing, rammed heads with the old Stalinists and so irked the Red Chinese that they quit the congress meeting. To the hard-nosed Chinese, Khrushchev was too soft.

He wasn't being completely soft, of course. It was in this period that he set off Russia's super-bomb and put the heat on Finland to soften her up and perhaps, through Finland, all Scandinavia.

But at least he had pulled back

a bit from the Berlin furnace, like a man who figured he had made some progress and didn't want to push his luck.

Meanwhile, communism and the West were still locking horns around the world: in Berlin, Laos, South Viet Nam, the United Na-

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

The high pressure system which brought sub-zero weather to the upper Mississippi Valley Tuesday finally settled over the Ohio River Valley this morning.

Its cold dome of dry, arctic air cleared the skies over most of the state, and temperatures were depressed to their lowest levels since the cold outbreak of early January.

In the northeast corner of the state, a narrow band of moisture continued to precipitated as light snow flurries.

Early morning found temperatures mostly near zero, with Dayton and Columbus reporting 2 above and Cheapeake registering 3.

A low pressure system presently developing in Western Iowa will approach Ohio this afternoon, bringing increased cloudiness and possibly a band of light snow which will initially affect the eastern sections and spread through the entire state by tonight.

Afternoon temperatures will recover to the middle teens today.

OHIO FIVE DAY FORECASTS
SOUTHERN & CENTRAL OHIO — Temperatures will average about normal. Normal high 38-44, normal low 22-28. Warmer Thursday, a little colder Friday, warming thereafter. Light snow tonight, showers Friday and Saturday.

By James Marlow

tions, Latin America. That was par for the course and had been for years. It was just the Kennedy-Khrushchev relationship which had become more gentlemanly.

Gradually Khrushchev, as his differences with the Red Chinese deepened into what the West hoped would be a fervent spit, talked less and less on foreign affairs. In fact, he talked so little it caused speculation he might be ill. One Paris newspaper even guessed he might have suffered a stroke.

Kennedy did nothing in his public statements to embarrass Khrushchev at a time when embarrassment might have strengthened his enemies in Red China or at home.

Khrushchev even sent his newspapermen son-in-law over here to interview Kennedy—an interview which was published in Russia—and let his son-in-law come back last week for lunch with the President.

Now once again, because it's that time of year, Kennedy is fully busy with Congress. Khrushchev, just as last year, isn't adding anything extra to his problems.

All the problems remain, of course. Nothing has been solved. Neither Berlin, nor Laos, nor Viet Nam, nor nuclear testing. Not anything.

It seems reasonable to believe that the two heavyweights, now back in their corners trying to catch their breath between rounds will start belting again as soon as the bell rings. The only question, is when.

Ohio Traffic Toll Drops 12 Pct. in Year

COLUMBUS, Ohio (AP) — Ohio had fewer traffic deaths last year than in any years since World War II, the Ohio Department of Highway Safety says.

Traffic deaths fell 12 per cent to 1,674, compared to 1960, while pedestrian deaths fell 15 per cent to 321.

RED TV FOR JFK?—White House press secretary Pierre Salinger conferred in Paris with Soviet press representative Mikhail Kharlamov (above) in talks which could result in President Kennedy appearing on Soviet TV.

Cincy Dems Shun State Candidates

CINCINNATI (AP)—The Hamilton County Democratic Executive Committee has decided to keep a hands off policy in the contest between Gov. Michael V. DiSalle and Atty. Gen. Mark McElroy for the Democratic nomination for governor.

The committee decided Monday night the only candidates it would endorse for statewide races would be from Hamilton County. That brought an endorsement of the candidacy of Cincinnati Councilman John J. Gilligan for the nomination for congressman-at-large.

In adopting the resolution to stay away from the gubernatorial contest and other state races, the committee urged "each Democratic voter in Hamilton County to follow the dictates of his conscience and exercise his own best judgment in considering other state candidates."

USE THE CLASSIFIEDS

Admiral Curbs Viet Nam Reporters

SAIGON, South Viet Nam (AP)—U.S. military authorities in Saigon have banned Western correspondents from accompanying future U. S. helicopter combat missions against the Communist guerrilla forces in South Viet Nam.

U. S. Army and Air Force spokesmen said the ban was ordered by Adm. Arthur D. Felt, commander in chief Pacific, based in Pearl Harbor.

Cause for the ban, they said, was an Associated Press eyewitness report on a U.S. helicopter mission which flew Vietnamese troops into action Sunday.

Several U.S. military men here said they considered the report

accurate and responsible. "This is the kind of reporting we need from here," one said. They declined use of their names.

The eyewitness account was by Roy Essoyan, a longtime AP correspondent. It gave a graphic account of the operation. It said the U.S. helicopter lift went off with clockwork precision. An American military adviser on the mission said the operation failed due to faulty communications

and shortage of U.S. helicopters and Vietnamese troops. One U.S. helicopter was shot down.

It was believed U.S. authorities—in Pearl Harbor or Washington—felt the report pinpointed the U.S. military role in South Viet Nam's civil war. So far this role is technically noncombatant, with U.S. advisers and support forces prohibited from firing on the Communists unless they are fired at first.

U.S. military pilots fly the helicopters. U.S. military personnel man the guns at the helicopters' doors in case of attack. U.S. military advisers accompany Vietnamese units into battle.

The U.S. military advisers' hands seemed tied in Sunday's operation, correspondent Essoyan said. They could not tell their Vietnamese army counterparts to call on Air Force cover or follow up the advantage of the original assault. They could only ask to be informed on what their Vietnamese counterparts were doing

Fire, Emergency Runs Made by CFD

Circleville Firemen made two fire runs and answered one emergency call yesterday.

At 11:10 a. m. the department was called to a section of the Chesapeake & Ohio Railroad south of the city when a passing motorist reported ties were on fire. However, firemen, said the ties were being burned under direction of the railroad.

The department was called to the home of Bessie Giffin, 143 Highland Ave., at 3:10 p. m. to check a defective chimney. Damage was estimated at \$5.

Later in the day, Glen Swane, Lancaster, was taken to Berger Hospital by the emergency ambulance. He complained of chest pains.

and politely advise what they might do. The advice, the correspondent reported, was not always followed.

Top American military and diplomatic officials in Saigon explain they don't want to publicize the U.S. role for fear of ruffling the feelings of the government of South Viet Nam and for fear of feeding Communist propaganda.

Court Bans Use by Man Of New Fishing Lake

CINCINNATI (AP)—Sidney Liskow can't use his new fishing lake on a Clermont County farm until a dispute with Cincinnati Gas & Electric Co. is ironed out.

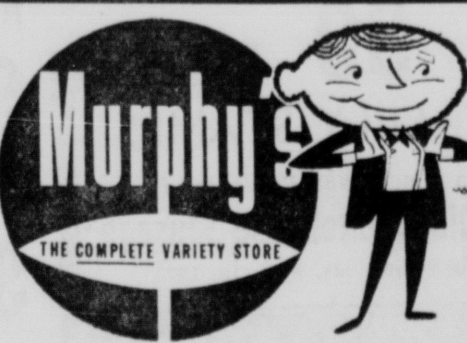

Common Pleas Court Judge Otis Hess agreed to a temporary court order banning use of the lake after the company said water had risen within 14 feet from a pole with 66,000-volt wires. The company contended Liskow interfered with an easement for its power lines.

HEADS UP, CHANDELIER—Hairdresser Ernesto Mandelli built this big top in Milan, Italy, for someone to stun somebody's costume ball with. He did it with nylon threads at a cost of \$2,400. The thing is 62 inches high, 38 wide, and was inspired by a cartoon on French Queen Marie Antoinette which appeared in 1777 in a British newspaper.

Dear Abby...

By Abigail VanBuren

One for the Books!

DEAR ABBY: We are not young folks. We have married children. Three years ago my husband learned that a school-time sweetheart, whom he never ceased to love, was living in an eastern city. While on a business trip, he drove some distance to spend the week-end at her home. He told me all about it.

They have corresponded ever since. Now her husband recently passed on and she wrote that she would like to move to our city because she has "no one." My husband thinks we should ask her to live with us for a while. To me, this is ridiculous. What shall I say?

DEAR ABBY: What do you think of a father who pushes the buttocks down on the telephone right in the middle of his daughter's conversation?

ON THE PHONE 30 MINUTES
DEAR ABBY: He probably knew you were only "in the middle of your conversation" and didn't want to wait another 30 minutes.

DEAR ABBY: My problem is too much advice. I work with a wonderful, middle-aged man with whom I have fallen in love. He has been married twice, and has four children. He is presently free, and has asked me to be his third wife. I am twenty, and two of his children are older than I. The other two are very bratty, and have made it plain that they don't like me. He has custody of all his children.

My clergyman, family and friends have advised me against this marriage. I love this man, and know what I am up against, but I am willing to take the chance. Shouldn't this decision be mine?

WILLING TO GAMBLE
DEAR ABBY: The decision is yours, but don't ignore the advice of those who have only your

best interests at heart. Marriage is forever, not something on which you "gamble." Your letter indicates that you are still seeking advice. I say the chances for a happy, lasting marriage with this man are poor.

CONFIDENTIAL TO "DD IN FROM ENCINO": Just the thought of getting into hot water keeps some people clean.

How is the world treating you? Unload your problems on Abby, care of this paper.

Ohio Salesman Clobbers Thug

CHICAGO (AP) — A salesman gave battle to a robber who invaded his South Side motel room Monday night and fled with more than \$400.

Robert Bly, 38, of Youngstown, Ohio, told police the holdup man came into his room with his hand in his pocket as if holding a gun and demanded money.

Bly said he turned over \$437 to the man and then scuffled with him. He said he hit the intruder on the head with a telephone and the man staggered out of the room. Bly phoned police.

Police seized a man who identified himself as Charles Ickes, 54, as he was driving away from the motel. They said he had \$437 in his possession and a number of cuts on his head. Bly identified Ickes as the robber.

2 Local Men Fined For Intoxication

Two local men were fined in Circleville Municipal Court yesterday on intoxication charges.

Cited were Omer Sowards, 53, of 212 Plum St., and Alfred Smith, 45, of 722 S. Washington St.

Sowards was fined \$50 and costs. Smith was fined \$50 and costs. The court suspended \$25 of Smith's fine and imposed probation for one year.

HEADS UP, CHANDELIER—Hairdresser Ernesto Mandelli built this big top in Milan, Italy, for someone to stun somebody's costume ball with. He did it with nylon threads at a cost of \$2,400. The thing is 62 inches high, 38 wide, and was inspired by a cartoon on French Queen Marie Antoinette which appeared in 1777 in a British newspaper.

Dear Abby...

By Abigail VanBuren

One for the Books!

DEAR ABBY: We are not young folks. We have married children. Three years ago my husband learned that a school-time sweetheart, whom he never ceased to love, was living in an eastern city. While on a business trip, he drove some distance to spend the week-end at her home. He told me all about it.

They have corresponded ever since. Now her husband recently passed on and she wrote that she would like to move to our city because she has "no one." My husband thinks we should ask her to live with us for a while. To me, this is ridiculous. What shall I say?

WORRIED

DEAR WORRIED: Say, "Nothing doing!" If she wants to move to your city, you can't stop her but under the circumstances, you'd be foolish to share your home with her—even for a while.

DEAR ABBY: What do you think of a father who pushes the button down on the telephone right in the middle of his daughter's conversation?

ON THE PHONE 30 MINUTES
DEAR ON: He probably knew you were only "in the middle of your conversation" and didn't want to wait another 30 minutes.

DEAR ABBY: My problem is too much advice. I work with a wonderful, middle-aged man with whom I have fallen in love. He has been married twice, and has four children. He is presently free, and has asked me to be his third wife. I am twenty, and two of his children are older than I. The other two are very bratty, and have made it plain that they don't like me. He has custody of all his children.

My clergyman, family and friends have advised me against this marriage. I love this man, and know what I am up against, but I am willing to take the chance. Shouldn't this decision be mine?

WILLING TO GAMBLE
DEAR WILLING: The decision is yours, but don't ignore the advice of those who have only your

best interests at heart. Marriage is forever, not something on which you "gamble." Your letter indicates that you are still seeking advice. I say the chances for a happy, lasting marriage with this man are poor.

CONFIDENTIAL TO "DD IN FROM ENCINO": Just the thought of getting into hot water keeps some people clean.

How is the world treating you? Unload your problems on Abby. Care of this paper.

Ohio Salesman Clobbers Thug

CHICAGO (AP) — A salesman gave battle to a robber who invaded his South Side motel room Monday night and fled with more than \$400.

Robert Bly, 38, of Youngstown, Ohio, told police the holdup man came into his room with his hand in his pocket as if holding a gun and demanded money. Bly said he turned over \$437 to the man and then scuffled with him. He said he hit the intruder on the head with a telephone and the man staggered out of the room. Bly phoned police.

Police seized a man who identified himself as Charles Ickes, 54, as he was driving away from the motel. They said he had \$437 in his possession and a number of cuts on his head. Bly identified Ickes as the robber.

2 Local Men Fined For Intoxication

Two local men were fined in Circleville Municipal Court yesterday on intoxication charges.

Cited were Omer Sowards, 53, of 212 Plum St., and Alfred Smith, 45, of 722 S. Washington St.

Sowards was fined \$50 and costs. Smith was fined \$50 and costs. The court suspended \$25 of Smith's fine and imposed probation for one year.

Wolfpack '5' Shows Power On East Coast

Fifth-Ranked Duke Dumped Second Time By Carolina Crew

By THE ASSOCIATED PRESS
North Carolina State's Wolfpack, a former collegiate basketball power in the Atlantic Coast Conference, is on the prowl again. They jolted nationally rated Duke Tuesday night for the second time this season.

Coach Everett Case's team, despite a de-emphasis program and a schedule reduction because of last year's fix scandals, temporarily dashed the fifth-ranked Blue Devils' league title aspirations at Raleigh, N.C., 71-55.

The loss gave Duke a 7-2 ACC record and 14-3 over-all. The Blue Devils lead idle Wake Forest, which is second at 6-2, by a half-game. The Wolfpack moved right into contention, climbing past North Carolina into third place with a 6-3 slate.

North Carolina, which had bowed to Duke Saturday night, was stunned by underdog Maryland 79-62 at College Park, Md. The setback dropped the Tar Heels into fourth with a 5-3 mark.

Duke's defeat came with its high-scoring junior, Art Heyman, on the sidelines with a sprained right ankle.

North Carolina State, an old hand at winning ACC regular season and tournament championships in 1955, 1956 and 1959, had a relatively easy time of disposing of Duke. Russ Marvel headed Wolfpack scoring with 22 points.

The nip-and-tuck Southwest Conference race produced its share of surprises. Texas Christian upset league-leading Texas Tech 65-63 at Lubbock and underdog Baylor knocked off heavily favored Arkansas 76-60 at Waco.

Texas A&M moved into a tie for first place with Texas Tech by thrashing Rice 88-73 at College Station while Southern Methodist won an 84-82 overtime decision over Texas at Dallas to remain in title contention.

Texas Tech and Texas A&M are tied for the lead with 5-2 records. Rice and SMU share the runner-up spot at 4-3 and Texas is 3-3.

Wichita moved into a second-place tie in the Missouri Valley Conference with idle Cincinnati. No 3 nationally. The Shockers polished off North Texas State 105-75 for a 6-2 league record, one game behind pace-setting Bradley.

In other games: Notre Dame utilized a height advantage and led from the outset in overpowering Canisius 88-72 despite a 28-point harvest by visitors' Bill O'Connor; Bobby Robinson collected 24 points as South Carolina throttled Clemson 86-74 in an ACC test; Memphis State coasted to an 88-70 success over William & Mary for its 14th victory in 19 starts; Bob McCully (39) and Miles Aiken (35) accounted for 74 points between them in St. Bonaventure's 111-104 triumph over Tennessee State, ranked No. 2 in the small college poll; Allen Johnson provided the scoring punch with 25 points as Georgia bested The Citadel 91-86 while Gary Daniels caged 25 in a losing cause.

Cassius Clay Proves To Be Very Gabby

NEW YORK (AP) — Cassius Clay is in town and don't forget it, mister. They don't hardly make this kind any more. At the tender age of 20, he already is a postgraduate of the Archie Moore school of gab.

The New York unveiling of Mr. Clay was accomplished Tuesday at a boxing writers' luncheon. The occasion was his Saturday night date at Madison Square Garden with Lucian (Sonny) Banks. It will be his first New York appearance since he won the Golden Gloves en route to the Olympic title in 1960.

"You like fighters that talk, don't you?" he asked. Assured that he was right, Clay poured it on.

"Did you ever hear of Banks?" a fellow asked.

"Yeah, I heard of him," he answered. "He'll go about four rounds. Banks must fall. Knocking out should be no trouble at all. I've been in there with rugged guys like that Russian (in the Olympic finals), Alonzo Johnson, Alex Miteff. I don't see where this fellow can bother me. It wouldn't look right to let a guy like this give me—a ranked fighter—trouble."

Clay's ambitions stretch far beyond Sonny Banks and his likes.

"The biggest chance I want is to knock Sonny Liston off so I can get a title shot. That Liston is the one I want."

Deers Finish With Victory At Laurelville

Williamsport ended regular season play by copping 60-59 thriller at Laurelville last night.

Trailing throughout the game, the Deers rallied in the last quarter to win by one point in a real cliffhanger. Although Laurelville outscored the visitors from the field, 54-48, Williamsport showed a definite superiority from the charity lane, dunking 12 of 23 attempts while the Wildcats connected on only 5 of 22 tries.

Steinhauser was high man for the Deers, dropping in seven field goals and three foul shots for 17 points. McCoy, scored nine while Pond and Gerhart pumped in eight apiece.

Max Young put together 12 field goals and 1 foul to gain high point honors, 25, for the tilt. Seventeen of his markers came in the last half as he scored consistently on a long jumper and fast breaks.

The Williamsport reserves made a perfect night for the finale, copping their game, 47-35.

Miami Redskins Drop Fifth In Row in Conference Play

By THE ASSOCIATED PRESS

Once upon a time — only 3½ weeks ago, in fact—Miami's Redskins were riding along atop the Mid-American Conference basketball standings with three victories, no losses. Today, only the presence of winless Kent State in those standings keeps Miami from last place.

The 'Skins dropped their fifth straight MAC tilt Tuesday night, 67-59 to Marshall. The turnaround is even more striking because the last four of those defeats have come in Oxford, where Miami is usually a rugged host.

Marshall, now 3-4 in the league and coming on as fast as Miami is fading, dominated the backboards and got 22 points from Phil Carter. Miami star LeVern Benson tallied 20, but his efforts weren't enough. The Herd from Huntington assumed command at 29-28 after trailing early and led from there on, though it got close at times.

In other Ohio college games, Muskingum almost got bounced out of the Ohio Conference title running but managed a 64-62 overtime win over Marietta; Wilmington nipped Bluffton 71-70 in the Mid - Ohio, and in nonleaguers, Ashland beat Wooster 87 - 70, Hiram clipped Fenn 80-68 and Carnegie Tech bested Mount Union 60-52.

Muskingum, improving its O.C. record to 8-2 for a second place tie with Wittenberg behind Ohio Wesleyan's 11-1, had to claw back from 14 points behind Marietta after 15 minutes of play. Then the Pioneers needed a last-gasp jump shot by Tom Johnson to send the game into overtime at 54-54. The Muskies leaped in front by four early in the extra session and maintained the upper hand.

In the Wilmington - Bluffton game, the lead changed hands 11 times in the last three minutes—the 11th and deciding time on Rex Taylor's basket with 11 seconds left. A Bluffton win would have moved the Beavers out of the

league basement and shoved Wilmington in.

Willy Ritzhaupt hit 30 points in sparking Ashland to its 16th triumph in 19 decisions. Wooster stayed in it until the Eagles strung up eight straight points to come out of a 36-36 tie.

Hiram's Terriers chased Fenn's Foxes into oblivion as Terry Brown and Joe Ries each scored 20 for Hiram to offset Weldon Kytell's 28 for Fenn. Mount Union led Carnegie 27-23 at halftime, but the Tartans—shooting over 50 percent—quickly changed things and won going away.

BeeGee '5' Loses Leading Scorer

BOWLING GREEN, Ohio (AP) — Wavey Junior, a leading scorer and rebounder for the Bowling Green State University basketball team, was declared scholastically ineligible today for the remainder of the season.

Junior, a 6-foot-1 junior from Detroit, averaged 11.6 points per game this season as the Falcons compiled a 15-1 record. Bowling Green is ranked eighth in the current Associated Press college basketball poll and leads the Mid-American Conference.

The 20-year-old Junior was the third highest scorer on the squad and was second only to Nate Thurmond, 6-foot-10 center, in rebounding. Junior pulled down 102 rebounds in 16 games.

The Army rifle team at West Point has lost only six of 71 matches under coach Sgt. Maj. Oscar L. Gallman in the last seven seasons.

Roundtowners, Teays Valley Get Cage Wins

Circleville downed Logan Elm 70-58 and Teays Valley defeated Westfall in the Ashville gym last night as the Pickaway County pedagogues battled in the second annual March of Dimes Teachers' Tournament.

Ned Reichelderfer, gained scoring honors in a losing cause for Westfall. His point production of 26 was high for the evening. But the Teays Valley tutors experienced little difficulty — their balanced scoring attack led all the way — in whipping the instructors of the Westfall district.

The Roundtown educators were in hot water for three quarters, leading by only 9-8 in the first period, 25-26 at halftime, and falling behind 47-50 at the end of the third canto. But the hot hand of Paul Sarchet led the Circleville group to victory as he scored 13 of his 21 points in the last quarter.

Logan Elm, finishing the game with four men, was able to collect eight team points in the closing period.

Next Tuesday's action sees the Westfall cagers going against Logan Elm in the consolation tilt and Circleville fighting Teays Valley for the trophy.

Browns '11' Omits Rubber Bowl Tilt

CLEVELAND (AP)—The Cleveland Browns, faced with a scheduling conflict, will not play their annual exhibition game at Akron's Rubber Bowl this fall.

Paul Brown's clubs have appeared in Akron for the preseason contest in 15 of the 16 previous years, missing only in 1954. The games have averaged 27,000 fans. The Browns walloped Pittsburgh before 28,000 last September.

The Browns are scheduled to play the Chicago Bears in the Armed Services exhibition contest in Chicago Sept. 8. But Cleveland Board Chairman Arthur Modell said the club definitely would return to Akron in 1963.

Ashville Game Is Rescheduled

Ashville's Homecoming basketball game with Jonathan Alder, originally scheduled for Saturday night, has been moved up to Friday.

Rescheduling the tilt will enable the Broncos to play a previously postponed game with Cedarville in Xenia Saturday.

Don Drysdale of the Los Angeles Dodgers led 1961 National League pitchers in the "hit by pitcher" category. He plunked 20 batters. Don Cardwell of the Chicago Cubs was "runnerup" with 10 hit batters.

Warmerdam Sees No Evil In New Pole

COSTA MESA, Calif. (AP) —

The man who broke the 15-foot ceiling with a heavily taped bomb pole is all for the fiberglass shaft that vaulters are using today.

Nats Find Packers To Be 'Cousins'

By THE ASSOCIATED PRESS

If the Syracuse Nationals could play the Chicago Packers every night, they'd probably win the Eastern Division championship of the National Basketball Association in a breeze.

The Nats and Packers have met seven times this season. Seven times the Nats have come out on top. No. 7 came Tuesday night, a 127-123 decision in the first game of a Madison Square Garden doubleheader.

In the second game, the New York Knicks defeated the Los Angeles Lakers 116-112. In other league action, the Detroit Pistons dealt the Cincinnati Royals their fifth loss in a row, 119-118 in Cincinnati, and the Boston Celtics rolled to their sixth straight victory, downing the St. Louis Hawks 129-114 in St. Louis.

The Los Angeles Angels have a working agreement with Honolulu of the Pacific Coast League. The Angels also have a new agreement with Dallas-Fort Worth of the Texas League.

"You can't stop progress," says Cornelius Warmerdam, Fresno State College track coach who hit 15 feet in 1940 and put the world record up to 15-7 ¾ outdoors and 15-8 ½ indoors, all with a bombo pole.

"I think the performance of John Uelses in breaking the 16-foot barrier is just great," Warmerdam added. "There is no regulation as to what type of pole should be used. You can't have three or four records; one for hickory, another for steel; one for bamboo, one for ash and still another for fiberglass. We'll just have to revise our thinking on heights."

Warmerdam predicts vaults as

high as 17 or 18 feet. He insists the vault is the same with steel or fiberglass or bamboo.

"In vaulting, the human body becomes a projectile," Warmerdam explains. "Some vaulters get as much bend out of steel poles as they do with fiberglass. I don't see how you can legislate on the amount of bend in a pole."

Warmerdam belittles charges that the fiberglass pole catapults the vaulter.

"My boys use it," he says. "This subject has been kicked around by college track coaches at meetings and like everything else, opinion is divided. The only difference between the fiberglass pole and steel, as I see it, is timing."

Wolfpack '5' Shows Power On East Coast

Fifth-Ranked Duke Dumped Second Time By Carolina Crew

By THE ASSOCIATED PRESS
North Carolina State's Wolfpack, a former collegiate basketball power in the Atlantic Coast Conference, is on the prowl again. They jolted nationally rated Duke Tuesday night for the second time this season.

Coach Everett Case's team, despite a de-emphasis program and a schedule reduction because of last year's fix scandals, temporarily dashed the fifth-ranked Blue Devils' league title aspirations at Raleigh, N.C., 71-55.

The loss gave Duke a 7-2 ACC record and 14-3 over-all. The Blue Devils lead idle Wake Forest, which is second at 6-2, by a half-game. The Wolfpack moved right into contention, climbing past North Carolina into third place with a 6-3 slate.

North Carolina, which had bowed to Duke Saturday night, was stunned by underdog Maryland 79-62 at College Park, Md. The setback dropped the Tar Heels into fourth with a 5-3 mark.

Duke's defeat came with its high-scoring junior, Art Heyman, on the sidelines with a sprained right ankle.

North Carolina State, an old hand at winning ACC regular season and tournament championships in 1955, 1956 and 1959, had a relatively easy time of disposing of Duke. Russ Marvel headed Wolfpack scoring with 22 points.

The nip-and-tuck Southwest Conference race produced its share of surprises. Texas Christian upset league-leading Texas Tech 65-63 at Lubbock and underdog Baylor knocked off heavily favored Arkansas 76-60 at Waco.

Texas A&M moved into a tie for first place with Texas Tech by thrashing Rice 88-73 at College Station while Southern Methodist won an 84-82 overtime decision over Texas at Dallas to remain in title contention.

Texas Tech and Texas A&M are tied for the lead with 5-2 records. Rice and SMU share the runnerup spot at 4-3 and Texas is 3-3.

Wichita moved into a second-place tie in the Missouri Valley Conference with idle Cincinnati. No. 3 nationally. The Shockers polished off North Texas State 105-75 for a 6-2 league record, one game behind pace-setting Bradley.

In other games: Notre Dame utilized a height advantage and led from the outset in overpowering Canisius 88-72 despite a 28-point harvest by visitors' Bill O'Connor; Bobby Robinson collected 24 points as South Carolina throttled Clemson 86-74 in an ACC test; Memphis State coasted to an 88-70 success over William & Mary for its 14th victory in 19 starts; Bob McCully (39) and Miles Aiken (35) accounted for 74 points between them in St. Bonaventure's 111-104 trumph over Tennessee State, ranked No. 2 in the small college poll; Allen Johnson provided the scoring punch with 25 points as Georgia bested The Citadel 91-86 while Gary Daniels caged 25 in a losing cause.

Cassius Clay Proves To Be Very Gabby

NEW YORK (AP) — Cassius Clay is in town and don't forget it, mister. They don't hardly make this kind any more. At the tender age of 20, he already is a postgraduate of the Archie Moore school of gab.

The New York unveiling of Mr. Clay was accomplished Tuesday at a boxing writers' luncheon. The occasion was his Saturday night date at Madison Square Garden with Lucian (Sonny) Banks. It will be his first New York appearance since he won the Golden Gloves en route to the Olympic title in 1960.

"You like fighters that talk, don't you?" he asked. Assured that he was right, Clay poured it on.

"Did you ever hear of Banks?" a fellow asked.

"Yeah, I heard of him," he answered. "He'll go about four rounds. Banks must fall. Knocking out should be no trouble at all. I've been in there with rugged guys like that Russian (in the Olympic finals), Alonzo Johnson, Alex Miteff. I don't see where this fellow can bother me. It wouldn't look right to let a guy like this give me—a ranked fighter—trouble."

Clay's ambitions stretch far beyond Sonny Banks and his likes. "The biggest chance I want is to knock Sonny Liston off so I can get a title shot. That Liston is the one I want."

Deers Finish With Victory At Laurelville

Williamsport ended regular season play by copping 60-59 thriller at Laurelville last night.

Trailing throughout the game, the Deers rallied in the last quarter to win by one point in a real cliffhanger. Although Laurelville outscored the visitors from the field, 54-48, Williamsport showed a definite superiority from the charity lane, dunking 12 of 23 attempts while the Wildcats connected on only 5 of 22 tries.

Steinhauser was high man for the Deers, dropping in seven field goals and three foul shots for 17 points. McCoy, scored nine while Pond and Gerhart pumped in eight apiece.

Max Young put together 12 field goals and 1 foul to gain high point honors, 25, for the tilt. Seventeen of his markers came in the last half as he scored consistently on a long jumper and fast breaks.

The Williamsport reserves made a perfect night for the finale, copping their game, 47-35.

WILLIAMSPORT
McCoy, 3-3-9; Steinhauser, 7-3-17; Gerhart, 2-4-8; Pond, 3-2-8; Young, 2-0-4; Willis, 2-0-4; Harper, 2-0-4; Noble, 3-0-6. Totals, 24-12-60.

Miami Redskins Drop Fifth In Row in Conference Play

By THE ASSOCIATED PRESS

Once upon a time — only 3½ weeks ago, in fact—Miami's Redskins were riding along atop the Mid-American Conference basketball standings with three victories, no losses. Today, only the presence of winless Kent State in those standings keeps Miami from last place.

The 'Skins dropped their fifth straight MAC tilt Tuesday night, 67-59 to Marshall. The turnaround is even more striking because the last four of those defeats have come in Oxford, where Miami is usually a rugged host.

Marshall, now 3-4 in the league and coming on as fast as Miami is fading, dominated the backboards and got 22 points from Phil Carter. Miami star LeVern Benson tallied 20, but his efforts weren't enough. The Herd from Huntington assumed command at 29-28 after trailing early and led from there on, though it got close at times.

In other Ohio college games, Muskingum almost got bounced out of the Ohio Conference title running but managed a 64-62 overtime win over Marietta; Wilmington nipped Bluffton 71-70 in the Mid - Ohio, and in nonleaguers, Ashland beat Wooster 87 - 70, Hiram clipped Fenn 80-68 and Carnegie Tech bested Mount Union 60-52.

Muskingum, improving its O.C. record to 8-2 for a second place tie with Wittenberg behind Ohio Wesleyan's 11-1, had to claw back from 11 points behind Marietta after 15 minutes of play. Then the Pioneers needed a last-gasp jump shot by Tom Johnson to send the game into overtime at 54-54. The Muskies leaped in front by four early in the extra session and maintained the upper hand.

In the Wilmington - Bluffton game, the lead changed hands 11 times in the last three minutes—the 11th and deciding time on Rex Taylor's basket with 11 seconds left. A Bluffton win would have moved the Beavers out of the

league basement and shoved Wilmington in.

Willy Ritzhaupt hit 30 points in sparking Ashland to its 16th triumph in 19 decisions. Wooster stayed in it until the Eagles strung up eight straight points to come out of a 36-36 tie.

Hiram's Terriers chased Fenn's Foxes into oblivion as Terry Brown and Joe Ries each scored 20 for Hiram to offset Weldon Kyle's 28 for Fenn. Mount Union led Carnegie 27-23 at halftime, but the Tartans—shooting over 50 per cent—quickly changed things and won going away.

BeeGee '5' Loses Leading Scorer

BOWLING GREEN, Ohio (AP) — Wavy Junior, a leading scorer and rebounder for the Bowling Green State University basketball team, was declared scholastically ineligible today for the remainder of the season.

Junior, a 6-foot-1 junior from Detroit, averaged 11.6 points per game this season as the Falcons compiled a 15-1 record. Bowling Green is ranked eighth in the current Associated Press college basketball poll and leads the Mid-American Conference.

The 20-year-old Junior was the third highest scorer on the squad and was second only to Nate Thurmond, 6-foot-10 center, in rebounding. Junior pulled down 102 rebounds in 16 games.

The Army rifle team at West Point has lost only six of 71 matches under coach Sgt. Maj. Oscar L. Gallman in the last seven seasons.

Roundtowners, Teays Valley Get Cage Wins

Circleville downed Logan Elm 70-58 and Teays Valley defeated Westfall in the Ashville gym last night as the Pickaway County pedagogues battled in the second annual March of Dimes Teachers' Tournament.

Ned Reichelderfer, gained scoring honors in a losing cause for Westfall. His point production of 26 was high for the evening. But the Teays Valley tutors experienced little difficulty — their balanced scoring attack led all the way — in whipping the instructors of the Westfall district.

The Roundtown educators were in hot water for three quarters, leading by only 9-8 in the first period, 25-26 at halftime, and falling behind 47-50 at the end of the third canto. But the hot hand of Paul Sarchet led the Circleville group to victory as he scored 13 of his 21 points in the last quarter.

Logan Elm, finishing the game with four men, was able to collect eight team points in the closing period.

Next Tuesday's action sees the Westfall cagers going against Logan Elm in the consolation tilt and Circleville fighting Teays Valley for the trophy.

Browns '11' Omits Rubber Bowl Tilt

CLEVELAND (AP)—The Cleveland Browns, faced with a scheduling conflict, will not play their annual exhibition game at Akron's Rubber Bowl this fall.

Paul Brown's clubs have appeared in Akron for the preseason contest in 15 of the 16 previous years, missing only in 1954. The games have averaged 27,000 fans. The Browns walloped Pittsburgh before 28,000 last September.

The Browns are scheduled to play the Chicago Bears in the Armed Services exhibition contest in Chicago Sept. 8. But Cleveland Board Chairman Arthur Modell said the club definitely would return to Akron in 1963.

Ashville Game Is Rescheduled

Ashville's Homecoming basketball game with Jonathan Alder, originally scheduled for Saturday night, has been moved up to Friday.

Rescheduling the tilt will enable the Broncos to play a previously postponed game with Cedarville in Xenia Saturday.

Don Drysdale of the Los Angeles Dodgers led 1961 National League pitchers in the "hit by pitcher" category. He plunked 20 batters. Don Cardwell of the Chicago Cubs was "runnerup" with 10 hit batsmen.

Warmerdam Sees No Evil In New Pole

COSTA MESA, Calif. (AP) — The man who broke the 15-foot ceiling with a heavily taped bombo pole is all for the fiberglass shaft that vaulters are using today.

Nats Find Packers To Be 'Cousins'

By THE ASSOCIATED PRESS

If the Syracuse Nationals could play the Chicago Packers every night, they'd probably win the Eastern Division championship of the National Basketball Association in a breeze.

The Nats and Packers have met seven times this season. Seven times the Nats have come out on top. No. 7 came Tuesday night, a 127-123 decision in the first game of a Madison Square Garden doubleheader.

In the second game, the New York Knicks defeated the Los Angeles Lakers 116-112. In other league action, the Detroit Pistons dealt the Cincinnati Royals their fifth loss in a row, 119-118 in Cincinnati, and the Boston Celtics rolled to their sixth straight victory, downing the St. Louis Hawks 129-114 in St. Louis.

The Los Angeles Angels have a working agreement with Honolulu of the Pacific Coast League. The Angels also have a new agreement with Dallas-Fort Worth of the Texas League.

"You can't stop progress," says Cornelius Warmerdam, Fresno State College track coach who hit 15 feet in 1940 and put the world record up to 15-7 ¾ outdoors and 15-8 ½ indoors, all with a bombo pole.

"I think the performance of John Uelses in breaking the 16-foot barrier is just great," Warmerdam added. "There is no regulation as to what type of pole should be used. You can't have three or four records; one for hickory, another for steel; one for bamboo, one for ash and still another for fiberglass. We'll just have to revise our thinking on heights."

Warmerdam predicts vaults as

high as 17 or 18 feet. He insists the vault is the same with steel or fiberglass or bamboo.

"In vaulting, the human body becomes a projectile," Warmerdam explains. "Some vaulters get as much bend out of steel poles as they do with fiberglass. I don't see how you can legislate on the amount of bend in a pole."

Warmerdam bellittes charges that the fiberglass pole catapults the vaulter.

"My boys use it," he says. "This subject has been kicked around by college track coaches at meetings and like everything else, opinion is divided. The only difference between the fiberglass pole and steel, as I see it, is 'timing.'"

Birdie Sees Flag For His Braves

By BIRDIE TEBBETTS

MILWAUKEE (AP) — I don't think I'm going out on a limb in saying that the Braves have a very good chance of winning the National League pennant. Not very many people figured Cincinnati would win last year or Pittsburgh the year before.

We finished fourth in 1961, 10 games out of first place, so we don't have to make up nearly as much ground as did the Reds. What we have to do is get more consistent pitching, more speed in the outfield and some help for our veteran players.

My immediate plan is to give some of the youngsters on the club the opportunity gradually to fit in with the veterans. I am referring to such rookies as pitchers Cecil Butler and Dennis Riant, infielders Amado Samuel and Denis Menke, catcher Bob Uecker and outfielders Howie Bedell and Mack Jones.

Bedell is very fast. He had a tremendous record at Louisville last season, hitting .327 and leading the American Association in triples and hits. Hank Aaron, of course, is a regular at one of the outfield positions while Lee Maye will battle Bedell and Jones for the other two spots.

Bob Shaw is certain to help our pitching staff. He showed in the American League he had the ability to be a big winner. We got him from Kansas City. Every year you hear talk that Warren Spahn and Lew Burdette, our pitching mainstays, are going to start slipping. But they have yet to show signs of doing that. We also have Carl Willey, Bob Buhl, Don Nottebart and Don McMahon.

There's not too much room for improvement in our infield with Joe Adcock at first base, Frank Bolling at second, Roy McMillan at short and Eddie Mathews at third.

We are optimistic about the return of Del Crandall, who was out most of last season because of a shoulder injury.

I expect a close race with as many as six teams in the thick of it. The Braves have as good a chance to win as anyone.

The 1962 Los Angeles Angels' pitching staff may do better because the team will play its home games in Chavez Ravine, home park of the Los Angeles Dodgers. The Angel hurlers should not give up as many home runs in the large park. They allowed 180, tops in the American League last year.

Lahar To Return

As Colgate Coach

HAMILTON, N.Y. (AP) — Har-

old W. (Hal) Lahar, who had

three winning seasons in five

at Colgate University football coach,

is returning to direct the Red

Raiders' 1962 edition.

Lahar, here from 1952 through

1956, was hired Tuesday to re-

place Alva Kelley, who resigned

earlier in the day to become an

industrial engineer in Buffalo.

Lahar was head coach last sea-

son at the University of Houston,

where his team compiled a 5-4-1

record. After his resignation at

season's end, he opened an in-

surance business in Houston.

The 43-year-old Oklahoma Uni-

versity graduate first came to Col-

gate in 1952. He turned out win-

ning teams that year and in 1954

and 1955. His Colgate record was

24-17-4.

PRESIDENT KENNEDY'S request that Congress create a new Cabinet post, the Department of Urban Affairs, spotlights this chart issued by the Population Reference Bureau in Washington. In 1790 population density in the U.S. was 4.5 people per square mile. Today it is 51. Alaska is at the light end of the scale, one person for every two and one-half square miles. Rhode Island is the most densely populated, 812 persons per square mile. The population is predominantly rural in only 11 of the 50 states. (Central Press)

Briley Plans To 'Unmask' Sen. Lausche

WASHINGTON (AP)—John Marshall Briley, who came to Washington "just to get my picture taken," told newsmen Tuesday the job of the Ohio Republican senatorial campaign will be unmasking Sen. Frank J. Lausche, D-Ohio, as an independent.

The 57-year-old Toledoan, who filed petitions Monday for the Republican nomination to oppose Lausche, said the Democratic senator "has somehow managed to create the impression he is a pretty good Republican. He should be a Democrat because that's what he is. I just don't like him poaching over on my side of the street."

Briley said he resigned as vice president and general counsel of the Owen-Corning Fiberglass Corp. in Toledo to bid for the senatorial nomination because running against Lausche is "not a part time job."

Youngstown Seminar Nets Record Crowd

YOUNGSTOWN, Ohio (AP)—The largest attendance and one of the liveliest question periods featured the fifth in the series of eight seminars on state government that Gov. Michael V. DiSalle is conducting at various points around the state.

A state spokesman estimated 2,850 persons—including some 500 Youngstown University students—attended one or more of the sessions Tuesday and Tuesday night.

Some 600 persons were on hand for the evening session attended by virtually the entire cabinet. One member of the audience asked Gov. DiSalle why he did not have a Negro director for the Civil Rights Commission.

DiSalle replied that he did not believe in making any appointment on the basis of race.

Asked about the possibility of legalized gambling to help state finances, the governor declared: "I don't believe in it. It would be a disgrace for a Democratic society."

Pressed for a statement on what he would recommend for an improved program on education, DiSalle said he favored an adequate program but declined to say specifically what recommendations would be made to the legislature.

In response to another query, he questioned whether the community college program would succeed. There are 30 branch schools, DiSalle said, apparently referring to branches of state universities, and he added that he was uncertain "how much can be accomplished" by the community college program.

School Board Appropriates \$1,080,846 for '62 Expenses

The Circleville Board of Education gave final approval on appropriations totaling \$1,080,846 for the 1962 calendar year last night.

The appropriations for the current year exceed the 1961 general fund appropriations of \$989,900.17 by \$90,945.95. A share of the extra funds will be earmarked operation of the new Nicholas Drive Elementary School and the addition at S. Court St. Elementary.

Tentative appropriations approval was given by the Board in January to meet current expenses. Final action was withheld due to an upward revision of State Foundation Program aid to teacher salaries.

A major share of the appropriations will be devoted to teacher salaries which have been set at \$651,700. This includes \$11,000 earmarked for substitute teachers.

THE TOTAL administration cost has been set at \$35,460. Operation was listed at \$79,000 and maintenance added another \$49,400.

Teachers salaries for the current year will exceed the 1961 appropriation of \$579,000 by \$31,000. This includes necessary arrangements for the opening of new classes at Nicholas Drive and S. Court St.

The appropriation also lists \$81,533.12 in the unanticipated emergency fund. The fund was set at \$71,311.92 in 1961.

A further breakdown of other major anticipated expenditures for 1962 are:

Janitor salaries, \$42,500; textbooks, \$11,000; education supplies, \$7,000; fuel (coal and gas), \$18,500; maintenance of buildings and grounds, \$20,000; replacement of

education equipment, \$5,000; Repairs to buildings, \$10,000; Electricity, \$8,500; telephone, \$2,000; teacher retirement fund, \$60,933; employee retirement fund, \$7,440; equipment for new school buildings, \$6,750; audio-visual equipment, \$4,000.

LUNCH room salaries, \$15,500; lunch room supplies and food, \$55,000; cafeteria equipment, \$2,500.

Cincy Cabbies To Vote Anew On Teamsters

CINCINNATI (AP)—Union cab drivers were to vote again today to determine if they want to remain independent or take up with the Teamsters Union once more.

The National Labor Relations Board ordered the second election after balloting last month ended in a 173-173 tie.

The cab drivers last summer had joined an estimated 4,000 teamsters who, dissatisfied over union leadership, voted to leave the union. The cab drivers' vote was 241-15 then.

Neither side would predict the outcome Tuesday night.

Teamster representative Lawrence Steinberg of Toledo, said, "I hope, I mean I think we'll win big. That prediction is based upon reports of the eight full time and eight part time organizers we've had working on this election."

Roy Eberhart, secretary-treasurer of the independent union, said, "I'm hopeful. But I'm not going to make any predictions. Last election I thought we'd win easily."

Bid for Moratorium On Blue Laws Fails

CINCINNATI (AP)—Ben Schottenstein has lost a bid in common pleas court for a moratorium on blue laws arrests involving his Ben's Department Store and other businesses that stay open Sundays. Judge Simon Lis declined to grant him a court order Tuesday on grounds he employs persons who observe the Sabbath on Saturday, and that the law provides exceptions in his case. The judge suggested a higher court settle in the matter.

500; purchase of workbooks, \$8,000; and purchase of supplies, \$2,500.

Of the total appropriated for estimated expenditures, \$554,886 is expected to come from general property taxes. This is an increase of \$31,453 over 1961.

Another \$323,288.26 will be derived from the State Foundation Program, an increase of \$24,305.70, and the balance from miscellaneous sources including cafeteria operations.

An appropriation ordinance does not spend money, but rather allocates to various funds those financial resources which are available. Transfers from fund to fund may be made by the board at any time.

BEATS CHAIR, SO FAR—Leo R. Forcella (above), the only convicted murderer in New Jersey history who murdered a second time, is still alive via a stay of execution issued by U.S. Supreme Court Justice William J. Brennan. The 61-year-old house painter's attorney argues that the sentence of death in the electric chair is not valid because state's capital punishment law is unconstitutional.

Construction Firm Chiefs Due in Court

WARREN, Ohio (AP)—Officials of two Michigan construction firms are retelling in common pleas court here the story of alleged bribery and threats in connection with Warren's \$4.5 million sewer project.

The officials are testifying in the trial of Paul LaMonge of Niles, one of seven persons indicted in a grand jury probe of the sewer scandal and the second one to be tried.

Rocco Ferrera, head of the firm that bears his name, testified Tuesday concerning a three-way telephone conversation which he said included LaMonge. He said an attempt was made during the conversation to influence him

against appearing as a witness in the grand jury investigation.

Frank Cickelli, Trumbull County Democratic chairman, also was in on the conversation, Ferrera said. Cickelli was convicted on bribery charges but is free on bond pending appeal.

Eugene Brady, vice president of Boam Co., Inc., testified concerning alleged demands for money for favors in getting the sewer project for the Detroit firms.

Under cross examination by defense counsel John Spain, Brady admitted LaMonge had not actually threatened to kill him or demanded \$200,000. But he said LaMonge had made statements

which were construed to mean the same thing.

LaMonge, 48, is charged with two counts of threatening to kill, larceny by trick and influencing a witness.

No Spaceships Spotted from Other Planets

WASHINGTON (AP)—They might have been birds, balloons, hoaxes or unusual sky lights—but not spacecraft from other planets.

That is the word from the Air Force today after 15 years of investigating flying saucer reports. It said there was no evidence that any of the 7,369 unidentified flying objects checked on were spaceships swooping in from distant planets.

To date, no unidentified flying object—UFO—has given any indication of threat to the national security, the Air Force concluded in summing up its investigations from 1947 through last year.

It said its "Project Blue Book" has turned up no evidence that any of the unidentified sightings represented technological advances "beyond the range of our present day scientific knowledge," or that any of the UFO's were "extraterrestrial vehicles under intelligent controls."

During 1961, the Air Force's office of aerial phenomena probed into 488 UFO reports—26 fewer than the year before.

At year's end, only 10 of the 1961 sightings still were classified as unidentified. Most of the rest were traced to aircraft, balloons, satellites, astronomical phenomena, birds, lights, hoaxes and other causes.

An old barracks joke says that GI clothes come in two sizes—too small and too big.

HEY, CURLERS ARE FOR GIRLS!—To the surprise of her parents, 5-year-old Julie Ann Davis of Hagerstown, Md., learned how to curl hair by watching television commercials. She is demonstrating on her brother, Vincent, 2. (Central Press)

New washable Super Velvaton lets you clean brush or roller with water

Dean & Barry makes painting a quick and pleasant event... from start to finish

No messy or smelly solvents needed to clean brush or roller when you use new Dean & Barry Super Velvaton for walls. Painting tools come clean with warm clear water... right from the faucet.

This convenience alone lets you paint walls easier than you can wash them. But that's not all. New Dean & Barry Super Velvaton gives almost effortless painting action, speedier paint jobs. No laps or streaks—even if you touch-up spots accidentally missed. And you can paint with the windows closed. No irritating paint smell.

Paint over color-fast wallpaper, wallboard, plaster—even interior masonry surfaces. Do the average room with one economical gallon and one quick coat. 30 beautiful Super Velvaton colors—all washable again and again. Matching colors in new Kuverite Satin enamel for woodwork now available, too. See us soon or have your painter-decorator come in.

PRESIDENT KENNEDY'S request that Congress create a new Cabinet post, the Department of Urban Affairs, spotlights this chart issued by the Population Reference Bureau in Washington. In 1790 population density in the U. S. was 4.5 people per square mile. Today it is 51. Alaska is at the light end of the scale, one person for every two and one-half square miles. Rhode Island is the most densely populated, 812 persons per square mile. The population is predominantly rural in only 11 of the 50 states. (Central Press)

Briley Plans To 'Unmask' Sen. Lausche

WASHINGTON (AP)—John Marshall Briley, who came to Washington "just to get my picture taken," told newsmen Tuesday the job of the Ohio Republican senatorial campaign will be unmasking Sen. Frank J. Lausche, D-Ohio, as an independent.

The 57-year-old Toledoan, who filed petitions Monday for the Republican nomination to oppose Lausche, said the Democratic senator "has somehow managed to create the impression he is a pretty good Republican. He should be a Democrat because that's what he is. I just don't like him poaching over on my side of the street."

Briley said he resigned as vice president and general counsel of the Owen Corning Fiberglas Corp. in Toledo to bid for the senatorial nomination because running against Lausche is "not a part time job."

Youngstown Seminar Nets Record Crowd

YOUNGSTOWN, Ohio (AP)—The largest attendance and one of the liveliest question periods featured the fifth in the series of eight seminars on state government that Gov. Michael V. DiSalle is conducting at various points around the state.

A state spokesman estimated 2,850 persons—including some 500 Youngstown University students—attended one or more of the sessions Tuesday and Tuesday night.

Some 600 persons were on hand for the evening session attended by virtually the entire cabinet. One member of the audience asked Gov. DiSalle why he did not have a Negro director for the Civil Rights Commission.

DiSalle replied that he did not believe in making any appointment on the basis of race.

Asked about the possibility of legalized gambling to help state finances, the governor declared: "I don't believe in it. It would be a disgrace for a Democratic society."

Pressed for a statement on what he would recommend for an improved program on education, DiSalle said he favored an adequate program but declined to say specifically what recommendations would be made to the legislature.

In response to another query, he questioned whether the community college program would succeed. There are 30 branch schools, DiSalle said, apparently referring to branches of state universities, and he added that he was uncertain "how much can be accomplished" by the community college program.

School Board Appropriates \$1,080,846 for '62 Expenses

The Circleville Board of Education gave final approval on appropriations totaling \$1,080,846 for the 1962 calendar year last night.

The appropriations for the current year exceed the 1961 general fund appropriations of \$989,900.17 by \$90,945.95. A share of the extra funds will be earmarked operation of the new Nicholas Drive Elementary School and the addition at S. Court St. Elementary.

Tentative appropriations approval was given by the Board in January to meet current expenses. Final action was withheld due to an upward revision of State Foundation Program aid to teacher salaries.

A major share of the appropriations will be devoted to teacher salaries which have been set at \$651,700. This includes \$11,000 earmarked for substitute teachers.

Life-Time Weight Watching Needed

Q. Are overweight children likely to be overweight as adults?

A. Yes, there is a strong tendency for obesity to persist into adult life. Energetic treatment of obesity in childhood followed by prolonged supervision to prevent relapse is important in the prevention of obesity in the adult.

Nosebleed In Children Q. What is the best way to stop nosebleed in children?

A. Nosebleed in children is usually due to rubbing or picking the nose. To help stop bleeding, position the child so that the head is upright with a slightly forward tilt. This prevents coughing and vomiting due to blood entering the throat. Apply pressure against the bleeding area by compressing the nostrils with the thumb and forefinger. During this time the child breathes through his mouth. Apply moderate pressure for about five minutes. Consult a physician if bleeding isn't controlled by this method.
